Present Land Use/Zoning/General Plan Designation:

Vacant - Zoning: Neighborhood Commercial - GP Designation: Open Space and Neighborhood Commercial

Project Description: (please use a separate page if necessary)

The Project proposes the construction and operation of a 3-story senior housing apartment community. The proposed development will include an approximately 56,990 square foot (SF) building footprint, 143 dwelling units (DU), and associated amenities. Total floor area of the residential building would be 172,230 SF. The Project proposes a density of 24 DU/acre. While the permitted density is 20 DU/acre, pursuant to California Government Code (CGC) 65915, a 20 percent density bonus can be claimed when a residential project proposes senior living/age-restricted housing. As a part of the density bonus, the Project Applicant is requesting a waiver for the building height pursuant to Temecula Municipal Code (MC) Section 17.10.020(Q)(7). This would allow the Project to exceed the height of the zoning district. In addition to the proposed apartments and amenities, additional improvements and appurtenant infrastructure would be constructed to include, but not be limited to, landscaping, utilities, parking, recreational facilities, storm drain, and other facilities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
