Norwalk, CA 90650

Exemption Number: CE-24-175

Project Title (Application Number): 62nd Place Pavers

Project Location – Specific: Terminus of 62nd Place at Alamitos Bay

Project Location – City/County: **City of Long Beach, Los Angeles County, California**

Description of Nature, Purpose and Beneficiaries of Project:

This project is to seal cracks on seawall and improve backfill material with larger gravels to reduce material loss through seawall. Improvements will reduce settlement of the pavers by the seawall.

Detailed scope is as follows and see attached plan:

- Patch approximately four (4) cracks on seawall (water side) with Sika Repair SHB per manufacturer's specification for concrete rehabilitation
- Excavate 12.5'x48' area, 7' deep (pavers to be pulled and reinstalled, approximately 620 SF)
- Patch approximately one (1) cracks on seawall (land side) with Sika Repair SHB per manufacturer's specification for concrete rehabilitation 03 01 00 and then apply Sika Pro to seal
- Backfill repair with angular crushed rock lined in filter fabric
- Replace two (2) benches

Public Agency Approving Project: **City of Long Beach, California**

Person or Agency Carrying Out Project: Long Beach Department of Public Works, Marvin Mai

Exempt Status: **(Check One)**

- Ministerial (Sec 21080(b)(1); 15268);
- Declared Emergency (Sec 21080(b)(3); 15269(a));
- Emergency Project (Sec 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: 15301 and 15302
- Statutory Exemption. State code number: _____

Reasons why project is exempt:

The project consists of the maintenance of existing structures (seawall and pavers). The proposed project includes replacement of two existing benches in the same general location. Upon project completion, the area would remain for the same purpose and capacity. Construction activities will adhere to all applicable best management practices (BMPs) for work adjacent to the open water areas.
