SUBJECT: Filing of Notice of Determination in compliance with Section 21152 of the Public Resources Code

PROJECT TITLE:

Sidestream Treatment System Project at the Fresno-Clovis Regional Wastewater Reclamation Facility

Table with 3 columns: State Clearinghouse Number (If subject to Clearinghouse), Lead Agency Contact Person, Area Code/Telephone. Row 1: 2024120578, City of Fresno Department of Public Utilities Debbie Khounsavath, Planner II, 559-621-1624

PROJECT LOCATION:

Fresno-Clovis Regional Wastewater Reclamation Facility 5607 W. Jensen Ave, Fresno, CA 93706

APN: 32703024T

Site Latitude: 36° 42'15"N & Site Longitude: 119°53'29"W

PROJECT DESCRIPTION:

The City of Fresno owns the Fresno-Clovis Regional Wastewater Reclamation Facility (RWRF). The City has a land-based disposal permit operating under Waste Discharge Requirements (WDR) R5-2018-0080. In 2018, the Central Valley Regional Water Quality Control Board (Regional Board) amended the Water Quality Control Plan for the San Joaquin River Basin (Basin Plan) to incorporate a Central Valley-wide Salt and Nutrient Management Planning. As a result, the City is expected to receive a new WDR in the next few years that will limit effluent nitrate concentrations to 10 milligrams per liter (mg/L) nitrate nitrogen (NO3N), with an Action Plan required at an effluent nitrate concentration of 7.5 mg/L NO3-N. While the RWRF does remove some nitrogen, performance upgrades are needed to progress towards meeting these anticipated nitrate targets. The City proposes upgrades to the RWRF which include a biological process on the dewatering sidestream that converts ammonia to nitrogen gas, which will reduce the total nitrogen discharged from the plant (Proposed Project).

This is to advise and certify that the (Council of the) City of Fresno, the Lead Agency, approved the above-described project on 02/27/2025 and has made the following determinations regarding this project:

- 1. The project ([ ] will [X] will not) have a significant effect on the environment.
2. [ ] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. [X] A Mitigated Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures ([X] were [ ] were not) made a condition of the approval of the project.
4. A statement of Overriding Considerations ([ ] was [X] was not) adopted for this project.
5. Findings ([X] were [ ] were not) made pursuant to the provisions of CEQA.

The above-described Mitigated Negative Declaration together with the full initial study, comments and responses and record of project approval, is available to the general public at the Department of Public Utilities—Utilities Engineering & Planning, located at 1626 E. Street, Fresno, CA 93706.
