Present Land Use/Zoning/General Plan Designation:

Industrial/Industrial/Study Area

Project Description: (please use a separate page if necessary)

Approval of a Use Permit for a new 697,000 sq. ft. warehouse/industrial facility comprised of four total buildings on an existing, developed industrial site with associated infrastructure. Current tenancy for the four (4) speculative structures is unknown. The applicant proposes to demolish an existing 100,000 sq. ft. building, another 6,000 sq. ft. building and other remnants from prior industrial uses including the storage yards, trailer parking, old casting equipment and outbuildings and steel fabrication areas. Approximately 450 new trees and landscape screening would be planted to help screen the new construction. The project assumes an upper estimate of 250 employees would be on the property at one time at full occupancy, given the likely tenant makeup of the proposed project. The project includes 484 parking spaces. In addition, the proposed project includes loading spaces for delivery trucks.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
