**Present Land Use/Zoning/General Plan Designation:**

General Plan Public/Quasi Public, Zoning: B Public or Quasi Public

**Project Description:** (please use a separate page if necessary)

The SCUUSD has prepared a Master Plan intended to modernize the campus and update facilities for current and projected school needs at Briarwood Elementary School over the next 30 years. Full buildout of the Master Plan includes classroom modernization, replacement of portable classrooms with permanent classroom buildings, and would ultimately support 23 classrooms and a maximum capacity of 563 students, which represents nine fewer classrooms and 232 fewer students than are currently accommodated, and other on-site improvements. Phase 1 (targeted for completion in Fall 2026) includes: converting two wings into flex, transitional kindergarten, kindergarten, and preschool classrooms; installation of a new early childhood playground and shade structure, a new shade structure, and a new metal PE shade structure; construction of new drives, parking, and entry plaza; and accessibility, utility, paving, fencing, and roofing improvements. Other future, but currently unfunded Master Plan improvements include a new multipurpose building and kitchen, field improvements, classroom modernization, replacement of portables with permanent buildings, additional student support spaces, makerspace, and administration building.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
