Project Title: Briarwood Elementary School Master Plan Project

Project Applicant: Santa Clara Unified School District

Project Location (include county): 1930 Townsend Avenue, Santa Clara, CA 95051

Project Description: The SCUSD has prepared a Master Plan intended to modernize the campus and update facilities for current and projected school needs at Briarwood Elementary School over the next 30 years. Full buildout of the Master Plan includes classroom modernization, replacement of portable classrooms with permanent classroom buildings, and would ultimately support 23 classrooms and a maximum capacity of 563 students, which represents nine fewer classrooms and 232 fewer students than are currently accommodated, and other on-site improvements. Phase 1 (targeted for completion in Fall 2026) includes: converting two wings into flex, transitional kindergarten, kindergarten, and preschool classrooms; installation of a new early childhood playground and shade structure, a new shade structure, and a new metal PE shade structure; construction of new drives, parking, and entry plaza; and accessibility, utility, paving, fencing, and roofing improvements. Other future, but currently unfunded Master Plan improvements include a renovated multipurpose building and new kitchen, field improvements, classroom modernization, replacement of portables with permanent buildings, additional student support spaces, makerspace, and administration building.

This is to advise that the Santa Clara Unified School District has approved the above
(Lead Agency or Responsible Agency)

described project on March 27, 2025 and has made the following determinations regarding the above
