

**CITY OF YUBA CITY NOTICE OF INTENT  
TO ADOPT A MITIGATED NEGATIVE DECLARATION  
AND NOTICE OF PUBLIC HEARING**

**NOTICE IS HEREBY GIVEN** that a draft Mitigated Negative Declaration (MND) has been prepared for the Yuba City Aquifer Storage and Recovery Well System Project (project). The proposed project would include construction of an aquifer storage recovery (ASR) well at the existing City-owned water treatment plant (WTP). Construction of the proposed ASR well would allow for underground storage of excess treated surface water and for the recharge of the groundwater aquifer during low demand winter months. The water stored in the ASR well could be recovered as needed to meet short-term demands and supplement existing water supplies.

**MND PUBLIC REVIEW AND COMMENT PERIOD:** The review period to submit written comments regarding the MND begins on December 17, 2024, and ends on January 17, 2025, at 5:00 p.m. Please email comments to William Jow at [wjow@yubacity.net](mailto:wjow@yubacity.net) or mail comments to: *William Jow, Public Works Department, City of Yuba City, 1201 Civic Center Road, Yuba City, CA 95993*. Comments can also be provided at the City Council public hearing.
