RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

DCR Core Record No.:	101787
Applicant Name:	The Holistic Caregivers Inc
DCR Record No. / Activities Requested:	101787 / Retail w/ on-site sales (Type 10)
Proposed Project:	The Applicant seeks an Annual License for the Type 10 Retail Storefront with on-site sales commercial cannabis activity pursuant to LAMC section 104.06 et. al.
Business Premises Address/ Project Location:	7415 South Crenshaw Boulevard, Los Angeles, CA 90043
Council District: Closest Neighborhood Council (NC): Business Improvement District: Community Plan Area: Zoning:	8 Park Mesa Heights [None] West Adams-Baldwin Hills-Leimert C2-1VL-CPIO
LAMC Section / "Phase":	104.07/Phase 1 Retail Round 1
Evidence of Offer to Meet with NC:	Yes
Complaint Portal Entry: Recent Compliance Inspection:	No No
Social Equity Applicant / Ownership %:	No
Environmental Analysis/Clearance: ENV-101787	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Applicant was issued Temporary Approval by DCR with an effective date of August 2, 2021. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State provisional License, C12-0000130-LIC, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through July 1, 2025. The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 7415 South Crenshaw Boulevard, Los Angeles, CA 90043, a parcel zoned for Neighborhood Commercial purposes.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

COMMUNITY INPUT:

On or about August 8, 2024, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on August 29, 2024. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. DCR did not receive oral or written testimony for this Applicant.

Number of Comments In Favor of the Application	0
Number of Comments Against the Application	0
Total Number of Comments	0

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLIANCE REVIEW:

DCR has not recently performed a compliance inspection for this Applicant. However, this business shall be subject to multiple, future inspections by DCR and several other agencies prior to the receipt of an Operating Permit. An Operating Permit is the final authorization from DCR to conduct Commercial Cannabis Activity, and is issued only after a licensee has passed a Final Inspection by DCR, and obtained all permits, clearances, or other authorizations required by law, which may include a Certificate of Occupancy from the Los Angeles Department of Building and Safety, clearance from the Los Angeles Fire Department and/or permit from the Los Angeles County Department of Public Health.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;

- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04. Thus, DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for Neighborhood Commercial, C2-1VL-CPIO at 7415 South Crenshaw Boulevard, Los Angeles, CA 90043 (Assessor's Parcel Number 4012-019-028). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be Monday thru Saturday from 8:00 a.m. to 8:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Neighborhood Commercial/C2-1VL-CPIO

Surrounding Land Use/Zoning Designations

Neighborhood Commercial/C2-1VL-CPIO; Low Residential/R1-1

Subject Property

The subject site is a fully developed lot within the West Adams-Baldwin Hills-Leimert Community Plan Area. The lot is approximately 115 feet deep and a width of 31 feet along Crenshaw Boulevard. The site is currently developed with a Commercial - Store - One Story building, built in 1962 proposed to be maintained.

The site has a Neighborhood Commercial land-use designation and is zoned C2-1VL-CPIO. The site is located within Council District 8, Park Mesa Heights Neighborhood Council, the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include Neighborhood Commercial and Low Residential uses within 200 feet of the site. The immediate area along Crenshaw Boulevard is predominantly developed with Neighborhood Commercial uses, zoned C2-1VL-CPIO, and Low Residential uses, zoned R1-1. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 2,744.6 gross square feet, zoned C2-1VL-CPIO with a Commercial - Store - One Story building originally constructed in 1962. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 2,744.6 gross square foot property (i.e., less than five acres), and is substantially surrounded by Neighborhood Commercial and Residential uses. The surrounding area is zoned Neighborhood Commercial/C2-1VL-CPIO and developed with a mix of Neighborhood Commercial and Low Residential, buildings along Crenshaw Boulevard between 74th Street and 75th Street.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

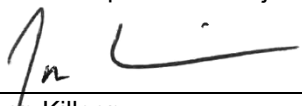

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

The 0.189(ac) Project is located in the City of Los Angeles, Los Angeles County at 7415 Crenshaw Blvd., Los Angeles, 90057. The cross streets are Crenshaw Blvd, and 75th Street. The projected site is located in the Park Mesa Heights Neighborhood council. The Project includes the leasing of an industrial building occupied with an industrial use. The project applicant, Holistic Caregivers Inc occupies the existing on-site premise as a Manufacturing, Retail, Cultivation and Distribution. Retail sales of cannabis related products occur at the Project Site. Occupation of the building would average approximately five (5) employees per shift during the operating hours of 8:00 AM to 5:00 PM, Monday thru Saturday. Occupation of the building would involve approximately 20 vehicles trips per day during regular business hours.

The Project has been environmentally reviewed pursuant to the provisions of the California Environmental Quality Act (Public Resources Code Sections 21000, et seq. ("CEQA") and the State CEQA Guidelines (California Code of Regulations, Title 14, Sections 15000, et seq.).

CEQA Guidelines Section 15301 (Class 1 categorical exemption).

The Project includes the leasing of an industrial building to be occupied with an industrial use. No exterior improvements to the building or parking areas are being proposed.

As such, aside from minor interior tenant improvements, the building would remain in its current existing condition. Consistent with CEQA Guidelines Section 15301, Class 1 facilities determined to categorically exempt from additional CEQA review, include the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use.

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? Yes No

Provide details of current or prior operation(s). Cite source(s) of information.

To fulfill the requirements stipulated under the California Environmental Quality Act (CEQA), a categorical exemption for a cannabis cultivation, and distribution site in the City of Los Angeles is presented as follows:

Current Operations:

Cannabis Cultivation
The cultivation facility operates within a well-ventilated and secure indoor space measuring approximately 170 square feet. It employs a water system to optimize water and nutrient management. Advanced LED lighting systems and climate control measures are in place to ensure energy-efficient and eco-friendly operations. The site adheres to all local and state regulations, including pest management, waste disposal, and tracking requirements. Activities also include trimming, packaging, and drying cannabis.

Cannabis Distribution
The distribution area also utilizes 316 square feet within the facility. It acts as a hub for storing and dispatching a wide range of cannabis products. This operation runs on a just-in-time inventory model to minimize storage time and thus, reduce energy consumption and waste. The area is climate-controlled and monitored to ensure product quality and safety. It abides by all compliance standards, including secure transportation and track-and-trace systems required by the State of California.

Cannabis Manufacturing
The manufacturing unit occupies 100 square feet within the same facility. This unit specializes in the infusion of cannabis extracts into a variety of consumer products, including edibles, tinctures, and topicals. Equipment is pharmaceutical grade and the processes are GMP-compliant (Good Manufacturing Practices), ensuring product consistency and quality. Waste materials are efficiently managed to minimize environmental impact, as per CEQA and local ordinances.

Retail
The retail dispensary is 350 sq.ft. within the same facility. Commercial sales of cannabis products to consumers.

Additionally, Project includes the leasing of an industrial building to be occupied with an industrial use. No exterior improvements to the building or parking areas are being proposed. As such, aside from minor interior tenant improvements, the building would remain in its current existing condition. Consistent with CEQA Guidelines Section 15301, Class 1 facilities determined to be categorically exempt from additional CEQA review, include the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use. The Project would in fact result in no changes to the exterior of the building or parking areas. Occupation levels would be similar or less than former on-site uses. The proposed uses are allowed per the site's zoning and land use designations.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) Yes No

Provide expansion details, if applicable. Cite source(s) of information.

3. Project Expansion: _____
Size of expansion in square feet: _____

Cite source(s) of information.

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 6.](#)) Yes No

Cite source(s) of information.

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 4.](#)) Yes No

Cite source(s) of information.

- c. Would the expansion be greater than 10,000 square feet? Yes No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? Yes No

Describe which public services serve the project site. Cite source(s) of information.

5. Is there evidence that the project site is located in an environmentally sensitive area? Yes No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

TM

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

n/a

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures)? Yes No

Describe size of structure to be demolished and location.

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? Yes No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

DEPARTMENT OF
CITY OF

TM

2. Would the new structure have substantially the same purpose and capacity as the existing structure? Yes No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

According to Assessor report Use Code: 1100-Commerical Neighborhood use continues with cultivation and distribution activities.

CAMPBELL
LOS ANGELES
REGULATION

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less? Yes No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

5. Is the parcel zoned for the proposed use? Yes No

Cite source(s) of information.

LADBS, Zimas.lacity.org, Continental Mapping Company: C2-1VL-CPIO

6. Does the project involve the use of significant amounts of hazardous substances? Yes No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

To calculate the CO2 used per harvest, we first need to establish a few basic parameters based on in projecting the CO2 usage response for a cannabis cultivation area with changing parameters to 10 lights in a 170 square foot space, let's consider the following calculations:

- 170 square feet cultivation area.
- 10 lights.
- CO2 target concentration: 1,000 ppm for optimal growth.
- Average ceiling height of 8 feet.

Projected CO2 Usage Response:

7. Are all necessary public services and facilities available to the project? Yes No

List all services and facilities provided. Cite source(s) of information.

water, electricity, and gas. LADWP, and SoCal Gas

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to [Question 11.](#)) Yes No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less? Yes No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

TM

10. Does the project involve the use of significant amounts of hazardous substances? Yes No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

n/a

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? Yes No

Provide details, if needed. Cite source(s) of information.

TM

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? Yes No

Provide details, if needed. Cite source(s) of information.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? Yes No

Provide details, if needed. Cite source(s) of information.

4. Would the alterations consist of grading in an area determined to be a wetland? Yes No

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? Yes No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? Yes No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? Yes No

Describe new and/or replacement accessory structures. Cite source(s) of information.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 32: Infill Development Projects

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? Yes No

Cite source(s) of information.

Zimas.lacity.org: General Plan Note(s) No. 1. L.A.M.C. Sec. 12.20

2. Project Size and Location
- a. Is the project site 5 acres in size or less? Yes No

Indicate the size of the project site, in acres. Cite source(s) of information.

.189(ac) Lot/Parcel size, floor size 937 sq.ft.

- b. Is the project site substantially surrounded by urban uses? Yes No

Describe the uses of the surrounding properties. Cite source(s) of information.

subarea: Commercial Neighborhoods, abutting land use beyond one-half mile is R1-1 and C2-1VL-CPIO see attached zimas report

3. Does the project site have value as habitat for endangered, rare, or threatened species? Yes No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? Yes No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

As stated above, the Project Site is located in an urbanized, industrial area and the Project would not increase the intensity of industrial uses on the Project Site. There are no sensitive natural resources of any kind on the Project Site or in the surrounding area, as the Project Site and surrounding area are fully developed with industrial buildings, and there are no "unusual circumstances" that would indicate a potential for any significant environmental effects. Operation of the Project would comply with all City of Los Angeles code requirements as applicable. Also, the Project would have only five (5) employees per shift that generate approximately 20 vehicle trips per day during regular business hours, which would not result in a significant vehicle miles travelled (VMT) impact. Therefore, there is no reasonable possibility that the Project would have a significant effect on the environment due to unusual circumstances.

5. Can the project site be adequately served by all required utilities and public services? Yes No

Describe which utilities and public services serve the project site. Cite source(s) of information.

water, gas, electricity, LADWP and SoCal gas.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Exceptions to Exemptions

1. Scenic Highways

- a. Is the project visible from an official State Scenic Highway? Yes No

*List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.*

n/a

- b. If yes, would the project result in damage to scenic resources? Yes No

Describe scenic resources and potential damage (if applicable). Cite source(s) of information.

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)? Yes No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

According to the Department of Toxic Substances Control EnviroStar database and the California State Water Resources Control Board Geotracker database, the Project Site is not on any list of hazardous waste sites.

3. Would the project result in a substantial adverse change in the significance of a historical resource? Yes No

List the historic resource(s) potentially affected and describe the potential effects (if applicable). Cite source(s) of information.

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?** Yes No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

The Project is not related to any other "successive projects of the same kind in the same place over time," thus, no significant cumulative impacts would occur.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?** Yes No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

As stated above, the Project Site is located in an urbanized, industrial area and the Project would not increase the intensity of industrial uses on the Project Site. There are no sensitive natural resources of any kind on the Project Site or in the surrounding area, as the Project Site and surrounding area are fully developed with industrial buildings, and there are no "unusual circumstances" that would indicate a potential for any significant environmental effects. Operation of the Project would comply with all City of Los Angeles code requirements as applicable. Also, the Project would have only five (5) employees per shift that generate approximately 20 vehicle trips per day during regular business hours, which would not result in a significant vehicle miles travelled (VMT) impact. Therefore, there is no reasonable possibility that the Project would have a significant effect on the environment due to unusual circumstances.

6. **Would the project impact an environmental resource of hazardous or critical concern?** Yes No

Provide details, if needed. Cite source(s) of information.

According to the Department of Toxic Substances Control EnviroStor database and the California State Water Resources Control Board Geotracker database, the Project Site is not on any list of hazardous waste sites.

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?** Yes No

Provide details, if needed. Cite source(s) of information.

CEQA Exemption Petition

Class: 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

Review of Possible Exceptions to the Categorical Exemption: The Project has been reviewed under Guidelines Section 15300.2 and, for the reasons explained below, none of the relevant exceptions to the Class 1 categorical exemption in section 15300.2 apply here.

a. Cumulative Impacts: The Project is not related to any other "successive projects of the same kind in the same place over time," thus, no significant cumulative impacts would occur.

b. Significant Effects: As stated above, the Project Site is located in an urbanized, industrial area and the Project would not increase the intensity of industrial uses on the Project Site. There are no sensitive natural resources of any kind on the Project Site or in the surrounding area, as the Project Site and surrounding area are fully developed with industrial buildings, and there are no "unusual circumstances" that would indicate a potential for any significant environmental effects. Operation of the Project would comply with all City of Los Angeles code requirements as applicable. Also, the Project would have only five (5) employees per shift that generate approximately 20 vehicle trips per day during regular business hours, which would not result in a significant vehicle miles travelled (VMT) impact. Therefore, there is no reasonable possibility that the Project would have a significant effect on the environment due to unusual circumstances.

c. Scenic Highways: According to the City of Los Angeles Mobility Plan 2035 and California Department of Transportation (Caltrans) State Scenic Highway Map, there are no state scenic highways in the vicinity of the Project Site. Therefore, the Project would not damage any scenic resources.

d. Hazardous Waste Sites: According to the Department of Toxic Substances Control EnviroStor database and the California State Water Resources Control Board Geotracker database, the Project Site is not on any list of hazardous waste sites.

e. Historical Resources: The building was constructed in 1962 and is not eligible to be considered a historic resource. Thus, there is no potential for the Project to impact a historic resource.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

CEQA, ZIMAS, LADBS, EnviroStor

2. **Project Location and Surrounding Land Use.**

(a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

STATED ABOVE

(b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

STATED ABOVE. commercial neighborhood , subarea is commercial neighborhood

- (c) **Previous Use:** Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Commercial retail store

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

retail store, commercial warehousing

- (e) **Maps to be Included:** Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) **Activities Occurring Onsite:** Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

stated above

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

stated above, cultivation, manufacturing, retail and distribution are the activities on site.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

project size: app. 1,000 sq. ft. --lot size 2,744.16 sq. ft.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

DCC , Microbusiness

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

8AM-8PM - retail store
8AM- 5 PM-cultivation, manufacturing, distribution

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

8AM- 5PM Monday thru Saturday, stated above approx 5
5PM-8PM - 1 employee

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

state above 20 trips per day(staff generated, and pick and delivery)

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

LADWP, no amendment needed.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

City wastewater

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

none

- (b) General Topographic Features (slopes and other features):

none

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

none

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

none

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

none

- (f) Identify whether the property has any historic designations or archeological remains onsite:

None

- (g) Identify whether the property contains habitat for special status species:

None

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

CO2, as stated above, . All hazardous and flammable materials would be used, stored and transported in accordance with applicable regulations, thus, as is typical for similar industrial uses in the area.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The project will not increase the quantity or type of solid waste.

- Ⓞ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The project will not require an increase in energy, energy source: LADWP anticipated amount is:
Lighting & HVAC: 300-400 kWh/day: Retail/Distribution 300Kwh/day Cultivation
Equipment: 500-700 kWh/day, Manufacturing 250 -400 kWh per day
Distribution: 17 kWh/day Total: 1,117 kWh per day

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

The purposed project will not expand the existing footprint as stated previously.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

n/a

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

The 0.189-acre Project Site is improved with an approximate 1,110 sq ft building constructed in 19 Similar light industrial uses and structures are located in the local project vicinity. The Project Site's zoning designation is limited industrial and the General Plan land designation is Limited Industrial. The surrounding land uses are similarly designated for and consist of light industrial land uses. The Project Site and surrounding area are flat and there are no water courses or natural features in the local Project vicinity. No known hazardous or other adverse environmental conditions occur on the Project Site or immediate surrounding area.

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- California Department of Cannabis Control
- Los Angeles Fire Department
- Los Angeles Department of Building and Safety
- California Department of Fish and Wildlife
- State Water Resources Control Board / Regional Water Quality Control Board
- County of Los Angeles Public Health Permit
- Local Air District
- Streambed Alteration Agreement
- Water quality protection program
- Los Angeles Department of Water and Power
- Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
