NOTICE OF EXEMPTION

12/23/2024

PROJECT TITLE: Willard Street Construction

Work Order# ZD40141C Task Code #Z1530

PROJECT SPONSOR: County of Riverside Transportation Department

PROJECT LOCATION: Community of Winchester

PROJECT DESCRIPTION: The County of Riverside Transportation Department is proposing to construct approximately 1,300 feet of Willard Street from SH-74 to Whittier Avenue. The proposed project will include grading and moisture conditioning the roadway width and paving with Hot Mix Asphalt (HMA) Concrete. Willard Street is currently a dirt road that is approximately 26 feet wide and will maintain its current road width of 26 feet after construction. Willard St is classified as a Local Road.

The proposed project will also include:

- Pavement Delineation, pavement markings, and reflectors
- Removal and installation of signs
- Vegetation (Trees and Bushes) Trimming and/or Stump Removal

ENVIRONMENTAL ANALYSIS:

The proposed project will not acquire right-of-way.

This project is subject to compliance with the Western Riverside County MSHCP. In accordance with Section 7 of the Western Riverside County MSHCP, necessary operation and maintenance along existing roadways are considered a covered activity outside/inside of cell criteria area/conservation areas. This project is considered to be operation and maintenance; therefore, it is a covered activity under the Western Riverside County MSHCP.

If tree and/or vegetation removal takes place during the migratory bird breeding season (February 1 – September 1), a preconstruction nesting survey will be conducted pursuant to the Migratory Bird Treaty Act.

The County of Riverside Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:

Section 15301 (c) – Existing Facilities – The project proposes to construct approximately 1,300 feet of Willard Street from SH-74 to Whittier Avenue. The proposed project will include grading and moisture conditioning the roadway width and paving with Hot Mix Asphalt (HMA) Concrete. The project in its entirety is consistent with Section 15301(c) because it does not create additional traffic lanes and involves no expansion of use of the existing roadway and associated facilities.
