

**Notice of Intent, Page 2**

installation of distinct recycled water segments within public rights-of-way and internally at the seven public sites that will be connected to the District’s new recycled water transmission system, as follows:

Site	City	Pipeline Length External (ft)	Pipeline Length Internal (ft)
1. Bellflower City Hall	Bellflower	0	175
2. Maywood Academy High School	Maywood	600	0
3. San Antonio Elementary School	Huntington Park	45	40
4. Tanner Elementary School	Paramount	20	500
5. Tweedy Elementary School	South Gate	50	80
6. Bloomfield Park	Lakewood	100	225
7. Fedde Middle School	Hawaiian Gardens	6,000	300

The recycled water pipeline will be installed beginning over a 6 month period beginning in 2025.

**Project Sponsor(s):** Central Basin Municipal Water District

This is to advise that Central Basin Municipal Water District, acting as the lead agency, has prepared an Initial Study to determine if the project may have a significant effect on the environment and is proposing to adopt a Mitigated Negative Declaration based on the following finding:

- The Initial Study shows that there is no substantial evidence that the project may have a significant effect on the environment.
- The Initial Study identified potentially significant effects but:
  - (1) Revisions in the project plans or proposal made or agreed to by the applicant before this proposed Negative Declaration was released for public review would avoid the effects or mitigate the effects to a point where clearly no significant effects would occur; and,
  - (2) There is no substantial evidence before the agency that the project as revised may have a significant effect on the environment.

A copy of the Initial Study and all other material which constitutes the record of proceedings upon which the Central Basin Municipal Water District (District) based its decision to adopt this Mitigated Negative Declaration may be obtained at the District’s website (<https://www.centralbasin.org/home>).

The CEQA-required public review period of the Initial Study/Mitigated Negative Declaration begins December 31, 2024 and ends on January 30, 2025 (30-days). Written comments on the Initial Study should be submitted to Mr. Braden Yu at the mailing address listed below no later than January 30, 2025 by 5:00 PM.
