

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None known

Provide a list of the responsible or trustee agencies for the project.

• Notice of Intent (NOI) to the State Water Resources Control Board (SWRCB) for a NPDES general construction stormwater discharge permit. This permit is granted by submittal of an NOI to the SWRCB, but is enforced through a Storm Water Pollution Prevention Plan (SWPPP) that identifies construction best management practices (BMPs) for the site. In the project area, the Los Angeles Regional Water Quality Control Board enforces the BMP requirements described in the NPDES permit by ensuring construction activities adequately implement a SWPPP. Implementation of the SWPPP is carried out by the construction contractor, with the Regional Board and county providing enforcement oversight.

- Encroachment or other permits may be required from the City of Bellflower, City of Maywood, City of Huntington Park, City of Paramount, City of South Gate, City of Lakewood, and City of Hawaiian Gardens, Southern Pacific Railroad, any others, amongst others that have not yet been identified, such as, Southern California Edison, The Gas Company, etc.
