

Description of Nature, Purpose and Beneficiaries of Project.

The Scope of Work consists of refurbishing the library entrance to include a walkway that meets current Americans with Disabilities Act accessibility standards, repair and upgrades to the building's low voltage, information technology, telecommunication systems, exterior and interior finishes, and the replacement of the signage, bookshelves, and furniture. The refurbished library would include a periodical reading room; a study lounge; an adult, teen, and children areas; a multipurpose community room; two group study rooms; express service self-checkout machines; public access computers; and Wi Fi internet access.

Reasons why project is exempt:

The project provides for the repair, refurbishment, and minor alterations of existing facilities involving negligible or no expansion of an existing use and where replacement features will have the same purpose and capacity. Additionally, the project will comply with all applicable regulations, is not located in a sensitive environment, and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste sites compiled pursuant to Government Code Section 65962.5, or indications that the project may cause a substantial adverse change in the significance of a historical resource that would make the exemptions inapplicable.
