Project Description (Proposed actions, location, and/or consequences).

EBRPD is proposing a new 2.5-mile regional trail segment of the Proposed Calaveras Ridge Regional Trail in Contra Costa County (Project). The Project proposed to construct 1.2- miles of new trail and will utilize 1.3-miles of an existing dirt roadway. Much of the Project is within an easement owned by EBRPD over private land. This trail segment would connect to the existing Lafayette/Moraga Regional Trail, then continue south to Rohrer Drive and the Rohrer Trail and eventually Las Trampas Regional Preserve. The Calaveras Ridge Regional Trail is one of the originally designated regional trail corridors in the EBRPD Master Plan. Once constructed, this multi-use trail corridor parallels the Interstate 680 corridor connecting six regional parks.
