Redding, CA 96099-0880

Project Title: Rancho Industrial Wastewater Lift Station Project

Project Location – Specific: 3890 Nordona Lane (APN 054-200-006)

Project Location – City: Redding **Project Location – County:** Shasta

Description of Project: In partnership with the City of Redding, Alan and Sherry Shufelberger will construct a sanitary sewer lift station to serve the Rancho Industrial Park at an increased capacity to accommodate wastewater flow from the developable area surrounding the development. Portions of the underground infrastructure are already in place, including a 22-foot deep wet well. The project includes the installation of a shade structure, concrete pad, control panel, generator, plumbing, electrical equipment, security fencing, and two access roads. Work will take place on City property and within the Rancho Industrial Park.

Name of Public Agency Approving Project: City of Redding

Name of Person or Agency Carrying Out Project: Ryan Bailey, Assistant Public Works Director

Exempt Status: *(check one)*

- Ministerial [Section 21080(b)(1); 15268]
- Declared Emergency [Section 21080(b)(3); 15269(a)]
- Emergency Project [Section 21080(b)(4); 15269(b)]
- Statutory Exemptions. State code number:
- Common Sense Exemption (This project does not fall within an exempt class, but it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment (14 CCR 15061[b][3]).
- Categorical Exemption. State type and section number: Section 15301. Existing Facilities and 15303. New Construction or Conversion of Existing Structures.
- No exceptions apply that would bar the use of a categorical exemption (PRD 21084 and 14 CCR 15300.2).

Reasons why project is exempt: Class 1 exemptions include the minor alteration of existing public and private facilities, equipment, and topographical features. Class 3 exemptions consist of construction, conversion, and location of new small facilities, structures, and equipment. The existing wet well facility will be modified to accommodate surrounding development. The facility modification will result in a negligible expansion of use, while providing reliable service that meets public health and safety standards. The action area does not have significant values for wildlife habitat or other environmental resources and the project has no potential to have a significant effect on the environment.

Lead Agency Contact Person: Amber Kelley

Telephone: 530.225.4046

If Filed by Applicant:

1. Attach certified document of exemption finding.
2. Has a notice of exemption been filed by the public agency approving the project? Yes No
