**SUBJECT: FILING OF NOTICE OF EXEMPTION IN COMPLIANCE WITH PUBLIC RESOURCES CODE SECTION 21108 OR 21152**

Project Name: Felicita Emergency Septic Tank Bypass

Project Location: 742 Clarence Lane, Escondido, CA 92029

Project Applicant: County of San Diego Department of Parks and Recreation, 5510 Overland Avenue, Suite 270, San Diego, CA 92123

Project Description: The proposed project consists of abandoning an existing septic system in place and installing a new 4" sewer line (approximately 150 linear feet) to connect to existing sewer. The project takes place in disturbed area, is not anticipated to impact any trees, and does not impact any rock outcroppings.

Agency Approving Project: County of San Diego

Date Form Completed: 1/15/2025

County Contact Person: Kiran Seibel

Telephone: (619) 209-9922

This is to advise that the County of San Diego Director of Department of General Services has approved the above-described project on **January 14, 2025** and found the project to be exempt from the CEQA under the following criteria:

Exempt status and applicable section of the CEQA ("C") and/or State CEQA Guidelines ("G"): (check only one)

- Declared Emergency [C 21080(b)(3); G 15269(a)]
- Emergency Project [C 21080(b)(4); G 15269(b)(c)]
- Statutory Exemption. C Section:
- Categorical Exemption. G Section(s): 15301 (Existing Facilities), 15302 (Replacement or Reconstruction), 15304 (Minor Alterations to Land)
- G 15182 – Residential Projects Pursuant to a Specific Plan
- Activity is exempt from the CEQA because it is not a project as defined in Section 15378.
- G 15061(b)(3) - It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment and the activity is not subject to the CEQA.

Statement of reasons why project is exempt: Section 15301 (Existing Facilities) is applicable because the proposed project includes abandoning an existing septic system in place, and installing a new sewer line to serve an existing building in an existing park facility, involving negligible or no expansion of use. 15302 (Replacement or Reconstruction) is applicable because the proposed project includes replacement of an existing septic system with a new sewer line where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced. Section 15304 (Minor Alterations to Land) is applicable because the proposed project includes ground disturbing construction activities in support of replacement of an existing septic system with a new sewer line which does not involve the removal of healthy, mature, scenic trees.

Additionally, the project would not impact environmental resources of hazardous or critical concern that are designated, precisely mapped and officially adopted by government agencies; does not contribute to cumulative environmental impact; would not have a significant impact on the environment due to unusual circumstances; does not damage scenic resources within a designated state scenic highway; is not on the list of Hazardous Waste and Substance Sites pursuant to Section 65962.5 of the Government Code; and does not cause adverse change in the significance of a historical resource.

The following is to be filled in only upon formal project approval by the appropriate County of San Diego decision-making body.
