Present Land Use/Zoning/General Plan Designation:

General Plan Land Use - Agriculture, Zoning A-4

Project Description: (please use a separate page if necessary)

The proposed Martin Hills Ranch Residential Project would develop 20 single-family homes, with approximately 25 percent (five homes) being designed with accessory dwelling units (ADUs). The residential lots would be clustered in the southeastern portion of the approximately 102-acre project site located off of Borica Drive and Como Way in the Town of Danville.

The 20 residential lots would range between 14,553 square feet and 25,387 square feet and the proposed project would also include several agricultural lots located north and west of the residences. Furthermore, the proposed project would construct project access off Como Way and internal streets to provide internal circulation within the project site.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
