NOTICE OF INTENT TO ADOPT MITIGATED NEGATIVE DECLARATION

Lead Agency: Santa Clara Unified School District
Project Title: Scott Lane Elementary School Master Plan Project
Project Location: 1925 Scott Boulevard, City of Santa Clara, 95050
Project Proponent: Santa Clara Unified School District

The Santa Clara Unified School District (SCUSD or District) has prepared an Initial Study/Mitigated Negative Declaration (IS/MND) finding that although the proposed project could have a significant effect on the environment, there will not be a significant effect because design features, best management practices, and mitigation measures incorporated into the project will avoid potentially significant impacts. The District is the lead agency and proponent for the project. Pursuant to CEQA Guidelines Section 15072, SCUSD will provide this Notice of Intent to Adopt a Mitigated Negative Declaration (Notice of Intent) to the public, responsible agencies, trustee agencies, the Santa Clara County Clerk, and the State Clearinghouse. The District will provide this Notice of Intent to the public by mailing it to the name and address of all organizations and individuals who have requested such notice in writing and local agencies with interest in the project

Project Description: The SCUSD has prepared a Master Plan intended to modernize the campus and update facilities for current and projected school needs at Scott Lane Elementary School over the next 30 years. Full buildout of the Master Plan includes (1) replacing all portables with permanent classrooms; (2) constructing a new early learner center with classrooms, and play yards for preschool, transitional kindergarten, and kindergarten; (3) field renovation; (4) constructing a new administration building with offices for student support programs; (5) constructing a new larger multipurpose building, cooking kitchen and stage; (6) modernizing existing classrooms; (7) constructing a new permanent library; and (8) other improvements within the campus. Full buildout of the Master Plan supports six additional classrooms providing for an increase of 157 students at the site. These listed Master Plan improvements will be completed as funding is identified.

Public Review Period: a 30-day public review period for the IS/MND will commence **January 17, 2025** and continue through **February 18, 2025**. Interested individuals and public agencies may submit written comments on the document, which must be received by SCUSD no later than 5:00 PM on **February 18, 2025**.
