Present Land Use/Zoning/General Plan Designation:

Public/Institutional and Institutional

Project Description: *(please use a separate page if necessary)*

The project will include demolition, excavation, grading, drainage, and building construction to lower the elevation of the existing pool deck by an amount feasible to improve the access and function of the pool facility without impacting the design and construction budgets and schedules, and to elongate the pool in the current north-south alignment and configuration. Additionally, the two-story pool support building is to be reconstructed on the west side of the pool extending into the current parking lot area, and concrete bleachers will be constructed adjacent to the new support building.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
