Project Location – City: Lost Hills, Bakersfield,  
Kettleman City,  
Shandon

Project Location – County: Kern, Kings, San  
Luis Obispo

### Description of Nature, Purpose and Beneficiaries of Project:

San Joaquin field division plans to set modified "T" bait stations at the San Joaquin O&M center, Lost Hills O&M center, and at several pumping plants and check sites. Bait stations will be filled with ground squirrel bait (Ditrac or Kaput). All product labels and PCA recommendations will be followed. Work would mainly take place from March through November. All applicators will be certified by the Department of Regulations and will regularly check bait stations while in use. Applicators will track efficiency, restock bait traps, search for and remove ground squirrel carcasses, and ensure that all traps are in good working order. All trap entrances will be no greater than 3 inches in diameter and will be at least 12 inches above the ground to comply with environmental recommendations.

This work is necessary to protect water supply infrastructure and facilities.

Name of Public Agency Approving Project: California Department of Water Resources (DWR)

Name of Person or Agency Carrying Out Project: DWR- Operations & Maintenance

### Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c)); 15301 (b)
- Categorical Exemption. State type and section number:

Statutory Exemptions. State code number: \_\_\_\_\_

Reasons why project is exempt:

This project consists of maintenance activities that support the function of the California Aqueduct and water delivery within the State Water Project.
