(Address)

Project Title: Temporary Permit Application T033460

Project Applicant: Siskiyou County Flood Control and Water Conservation District

Project Location - Specific:

Point of Diversion (POD): 41.609/-122.4751

Project Location - City: Montague

Project Location - County: Siskiyou

Description of Nature, Purpose and Beneficiaries of Project:

Project is a non-construction project seeking approval to spread water within the Grenada Irrigation District service area using water diverted from the Shasta River in the late winter and early spring 2025 to improve domestic supplies and supplement irrigation.

Name of Public Agency Approving Project: State Water Resources Control Board

Name of Person or Agency Carrying Out Project: Siskiyou County Flood Control and Water Conservation District

Exempt Status: **(check one):**

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: _____
- Statutory Exemptions. State code number: _____

Reasons why project is exempt:

Governor Gavin Newsom's March 28, 2022 Executive Order (EO) N-7-22, Item 12 requires the State Water Board to prioritize temporary water right permits to accelerate approvals for projects that enhance the ability of a local or state agency to capture high runoff events for local storage or recharge, consistent with water rights priorities and protections for fish and wildlife. This item suspends CEQA, and the regulations adopted pursuant to it, to the extent that CEQA would otherwise apply to actions taken by state agencies for the purposes of carrying out this directive. This temporary permit will enhance the ability of Siskiyou County Flood Control and Water Conservation District to capture high runoff events for underground storage and groundwater recharge, consistent with water rights priorities and protections for fish and wildlife. Water stored underground under the permit will be used for domestic and irrigation with incidental fish and wildlife enhancement within the service area of the Grenada Irrigation District. Accordingly, CEQA is suspended to the extent that it would otherwise apply to this temporary permit.
