

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Calistoga Junior and Senior High School Field and Lighting Improvements Project

Lead Agency: Calistoga Joint Unified School District

Contact Name: Chris Ochs

Email: cochs@calistogajusd.org Phone Number: 707.942.4703

Project Location: 1608 Lake St, Calistoga, CA 94515

Napa
County

Project Description (Proposed actions, location, and/or consequences).

The Calistoga Joint Unified School District is proposing to install new permanent stadium lights around the existing football field, permanent bleachers along the northern boundary of the field, a new field house, and a new concession stand. The proposed project would also include the replacement of the existing track with an all-weather track, replacement of the existing grass turf with synthetic grass, and installation of a new permanent public address (PA) system and a new scoreboard. The existing basketball courts would also be relocated. Landscaping, bioretention areas, and concrete walkways would be installed, and new chain-link fencing with gates would be installed around the perimeter of the track and field. An asphalt driveway would be constructed northeast of the track and field to provide access to the campus via Grant Street. Asphalt would also be installed northeast and south of the track and field to accommodate the bleachers, concession stand, field house, basketball courts, and tree wells.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The environmental assessment presented in the IS/MND identifies environmental impacts that would be potentially significant unless mitigation measures are incorporated into the project for: Air Quality, Cultural Resources, Geology and Soils, and Tribal Cultural Resources. The IS/MND analysis determined that all impacts from the Proposed Project would be less than significant after mitigation. The Initial Study supports the adoption of a Mitigated Negative Declaration.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy are known to the Calistoga Joint Unified School District.

Provide a list of the responsible or trustee agencies for the project.

State Agencies:

- Division of State Architects (DSA)

Local Agencies:

- Calistoga Fire Department
