Project Title: 610096 _Thums_Grouped_OG_PA

Project Applicant: THUMS Long Beach Co. (T2900)

Project Location: Los Angeles , Wilmington; 08/05S /12W /SB; 33.75216293 /
 -118.15885162

Project Description: THUMS plans to abandon one oil and gas and one dry gas well in the Wilmington field by removing equipment, cleaning the well, and plugging with cement.

API #	Well Name
0423720327	B-408 I
0423720397	B-403

Exempt Status: As the Lead Agency, CalGEM has determined that the proposed project is exempt from full environmental review requirements of the California Environmental Quality Act (CEQA), pursuant to the specified exemptions marked in the section below. CalGEM further finds that the proposed project would not result in a significant adverse impact to the environment, or that any of the exceptions to the application of the exemptions apply (14 CCR § 15300.2).

Exemption Type		Statute (PRC)	Regulation (14 CCR)	
<input type="checkbox"/>	Statutory Exemption:			
<input type="checkbox"/>	Ongoing Project (<i>pre-CEQA approval on April 5, 1973</i>)	21169	15261 (b)	
<input type="checkbox"/>	Ministerial	21080 (b)(1)	15268	
<input type="checkbox"/>	Declared Emergency	21080 (b)(3)	15269 (a)	
<input type="checkbox"/>	Emergency Projects	21080 (b)(4)	15269 (b) or (c)	

Exemption Type		Statute (PRC)	Regulation (14 CCR)	
<input checked="" type="checkbox"/>	Categorical Exemption:	21084		
<input checked="" type="checkbox"/>	Class 1: Existing Facilities		15301	1684.1
<input checked="" type="checkbox"/>	Class 2: Replacement or Reconstruction		15302	
<input type="checkbox"/>	Class 3: New Construction/Conversion of Small Structures		15303	
<input checked="" type="checkbox"/>	Class 4: Minor Alterations to Land		15304	1684.2
<input type="checkbox"/>	Class 7: Protection of Natural Resources		15307	
<input type="checkbox"/>	Class 8: Protection of the Environment		15308	
<input type="checkbox"/>	Class 11: Accessory Structures		15311	
<input type="checkbox"/>	Class 21: Enforcement Actions to revoke a permit		15321	
<input type="checkbox"/>	Class 30: Minor Actions to Prevent, Minimize, Stabilize, Mitigate, or Eliminate a Release (Actual or Threat) of Hazardous Substances (Waste or Material)		15330	
<input type="checkbox"/>	Class 33: Small Habitat Restoration Projects		15333	
<input type="checkbox"/>	General Exemption ("common sense")		15061 (b)(3)	
<input type="checkbox"/>	Not a "Project" subject to CEQA		15378 (b)(2)	
<p>CEQA Exceptions to the Exemptions (14 CCR § 15300.2): where project is located (e.g., sensitive environment); Cumulative Impact; Significant Effect due to Unusual Circumstances; Scenic Highways; Hazardous Waste Sites; Historical Resources.</p>				

Reasons Why Project is Exempt: The basis for CalGEM's determination that the project is exempt from the requirements of CEQA is provided in the brief explanation below.

Class 1, Existing Facilities (14 CCR §§ 15301, 1684.1): Class 1 applies to the "operation, repair, maintenance, or minor alteration" of existing facilities involving "negligible or no expansion of use beyond that existing previously." (§ 1684.1.) The proposed Project is to reconstruct one dry gas and one production well in the Wilmington field. This proposal involves removing existing equipment, cleaning out the wells, and plugging with cement to abandon the two wells. The reworks will use temporary equipment, such as a workover rig, confirmed to fit within the existing wellpad. This proposed Project is a minor alteration involving negligible or no expansion of use beyond previously existing. After being partially abandoned, the wells cannot be used for production or injection.

Class 2, Replacement or Reconstruction (14 CCR § 15302): Class 2 applies because the rework of the well could be considered "replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity[.]" This rework only involves reconstructing to abandon one dry gas and one production well

by removing equipment, cleaning out the two wells, and plugging with cement. The proposal does not involve any changes to the well's structures (the wellbores).

Class 4, Minor Alterations to Land (14 CCR §§ 15304, 1684.2): Class 4 applies because the rework "consists of drilling operations that result in only minor alterations with negligible or no permanent effects to the existing condition of the land, water, air, and/or vegetation." The rework is intended to maintain the current level of service and will not involve expanding the facility or operations. The proposed activities and temporary equipment will be contained within the existing wellpad. As a result, there will be no new ground disturbances. There are no expected impacts on biological resources as the project will not disturb undisturbed areas.

Exceptions to Exemptions: CalGEM further finds that there are no exceptions to the application of the categorical exemptions (PRC § 21084; 14 CCR § 15300.2) referenced above. For example, there is no substantial evidence that there are any "unusual circumstances" associated with the proposed project that create a reasonable possibility that the activity will have a significant effect on the environment, and that there are no significant "cumulative impacts" resulting from successive projects of the same type in the same place. Therefore, reliance on the exemptions is appropriate.

Consistent with the purposes of PRC § 3250 et seq. and the documentation available for the preliminary review, the proposed project will benefit the environment. In addition, the work under the contracts and any resulting impacts will be temporary in duration. Therefore, the project can be considered exempt from the need for full CEQA review.

A copy of this NOE (as required by 14 CCR § 15062(a)) and all other related materials can be made available to the public by contacting the CalGEM CEQA Program, located at 715 P Street, MS 1803, Sacramento, CA 95814; by calling (916) 445-9686; or an electronic copy of these documents may be requested by contacting CEQA@conservation.ca.gov.
