Project Applicant: Golden State Water Company – Barstow

Project Title: Bradshaw Well Field Nitrate Blending Treatment (Project)

Project Location: 308 N. Bradshaw Drive, Barstow, 92311

Project County: San Bernardino

Project Description: The Applicant proposes to operate a nitrate blending plant at an existing well field and treatment site. The blending plant will blend high nitrate water from Wells 5 and 12 with low nitrate water from Wells 7, 11, and 13 within a fixed mixer. The Applicant installed approximately 893 linear feet of copper tubing and water mains in their existing wellfield site to accomplish the mixing treatment.

Public Agency Approving the Project: State Water Resources Control Board (State Water Board)

This is to advise that the State Water Board has issued a permit amendment for the above-described Project on 2/4/2025. A record of approval for the Project is available to the general public at the State Water Board, Division of Drinking Water district office listed above.

CATEGORICAL EXEMPTION STATUS:

Class 1: Existing Facilities Cal. Code of Regs., section 15301

Reason Why the Project Is Exempt: The Project is exempt because it is the minor modification and operation of an existing water production and treatment site with no change in use. None of the exceptions listed in section 15300.2 of the CEQA Guidelines would apply to the proposed Project.
