Project Title: Phillips 66 Company - Fender Piles Repair Work at Berths 148-149

Project Location - Specific: B.148-149

Project Location - City: Los Angeles **Project Location - County:** Los Angeles

Description of Project:

This Project would repair serious deficiencies as required by the California State Lands Commission. The Project proposes in-kind replacement of four (4) existing fender piles, which are either broken or damaged and require replacement to restore mooring and berthing capability at Berths 148-149. One (1) pile is located within Camel 2, two (2) piles are located within Camel 3, and one (1) pile is located within Camel 8. It would also switch positions of Camel 5 and Camel 8. A laydown area would be needed for construction. This would include the issuance of a Real Estate entitlement, if needed. There are no proposed changes to existing operations.
