

Notice of Intent (NOI) to Adopt an Initial Study/Mitigated Negative Declaration

To:	Public Agencies, Interested Parties, and Sonoma County Clerk
Project Title:	Llano Road Trunk Rehabilitation Project, Initial Study/Mitigated Negative Declaration
Lead Agency:	City of Santa Rosa, Transportation and Public Works Department 69 Stony Circle, Santa Rosa, CA 95401
Contact:	Richela Maeda, P.E., Associate Civil Engineer Email: rmaeda@srcity.org , Tel: (707) 328-1291
Review Period:	February 13, 2025, to March 17, 2025

In accordance with the California Environmental Quality Act (CEQA) Guidelines, the City of Santa Rosa (City) has prepared this notice to inform agencies and interested parties that it is releasing a Draft Initial Study and Proposed Mitigated Negative Declaration (IS/MND) for the City's Llano Road Trunk Rehabilitation Project.

Project Location: The Project site encompasses approximately 5.72 acres along the western border of the City of Santa Rosa and the County of Sonoma. The Project site includes portions of non-native grassland immediately adjacent to Llano Road and Meadow Lane, as well as within developed areas of the Laguna Wastewater Treatment Plant (WTP) site. The site is generally surrounded by agricultural and rural residential land uses.

Project Description: The Project includes the rehabilitation of the existing Llano Road Trunk pipeline, a critical wastewater collection facility, which carries approximately two thirds of the City's wastewater flow to the Laguna WTP. The existing pipeline is nearly 50 years old and must be rehabilitated to prevent failure of the system or more impactful actions that would be associated with replacement. The scope of the Project includes rehabilitation of approximately 8,170 linear feet of the 66-inch reinforced concrete pipe trunk sewer. It also includes a conditions assessment of the existing manholes along the alignment and rehabilitation of the manholes as recommended at the conclusion of the condition assessment field investigation.

Providing Comments: A 33-day public review period for the Draft IS/MND will extend from February 13, 2025, to March 17, 2025. The Draft IS/MND will be available for public review online at <https://cippublic.srcity.org/CIPList.html>, and at the Transportation and Public Works Department located at 69 Stony Circle, Santa Rosa. Agencies and interested parties may provide written comments on the Draft IS/MND for the Project. Comments may be emailed or sent to Richela Maeda at 69 Stony Circle, Santa Rosa, CA 95401, rmaeda@srcity.org.

After the review period closes, the City's Board of Public Utilities will consider a recommendation to adopt the IS/MND for the Project during a regularly scheduled meeting, tentatively scheduled for **April 3, 2025**, at the City Council Chambers located at 100 Santa Rosa Avenue, Santa Rosa, CA 95404. We encourage you to check the Board's webpage to confirm the date and time of the meeting at the following website address:
