State.Clearinghouse@opr.ca.gov

From: California Regional Water Quality
Control Board, San Diego Region
2375 Northside Drive, Suite 100
San Diego, CA 92108

Project Title: eTS 47898 Phase 2 Access Road, Sites 1 and 2

Project Applicant: San Diego Gas and Electric

Project Location – Specific: Project is located near intersection of Camino Del Sur and Del Sur Court in the Black Mountain Ranch area in Lusardi Creek, latitude 33.003708, longitude -117.142495 and latitude 33.001770, longitude -117.137182

Project Location – City: San Diego

Project Location: San Diego County

Description of Nature, Purpose, and Beneficiaries of Project: For Site 1, the Discharger proposes to install an Arizona crossing with low flow pipe culverts. The purpose of this design is to allow for low flows (1 year storm events or less) to flow through two 48-inch low flow pipe culverts, while storm events larger than one year would flow over the Arizona crossing. The width of the crossing is designed to accommodate the width of a 100-year flood event.

For Site 2, a concrete-lined Arizona crossing is proposed to replace the existing dirt access road. This drainage is an ephemeral drainage and therefore no culverts are proposed at this location. Site 2 is being designed to allow for all storm events to flow over the Arizona crossing.

Name of Public Agency Approving Project:
Quality Control Board

California Regional Water

Name of Persons or Agency Carrying Out Project: San Diego Gas and Electric

Exempt Status (check one):

Ministerial (Sec. 21080(b)(1); 15268).

Declared Emergency (Sec. 21080(b)(3); 15269(a)).

Emergency Project (Sec. 21080(b)(4); 15269(b)(c)).
