Project Location

The proposed project is located in the City of Adelanto, San Bernardino County, approximately 330 feet east of Daisy Road (improved) and 330 feet north of Cassia Road (dirt). The site is approximately 1.5 miles west of Highway 395. The closest major intersection near the site is Daisy Road and Rancho Road about 2,000 feet north of the site. The geographic coordinates of the proposed project are 34.3306, -117.2542 and the proposed project is located within the Victorville, CA USGS Topo 7.5-minute topographic map, within Section 5, Township 5 North, Range 5 West.

Project Description

The City of Adelanto is located in the High Desert region of San Bernardino County just north of the San Gabriel Mountains. The developer, Mike Kale with Reliable Crane Service, proposes to develop an outdoor crane component and jobsite equipment storage yard on a 2.43-acre site in the City of Adelanto, San Bernardino County, California. The project site is comprised of Assessor Parcel Number (APN) 3128-101-17. The developer proposes an outdoor crane component and equipment storage yard to store materials while they are not utilized on job sites. Components would come into and out of the storage yard approximately once a quarter. The cranes coming onto and leaving the property would occur approximately once every six months as the components for these tower crane and crawler crane projects generally stay on job sites for multiple years so components are needed only occasionally. Tower cranes and stored components are electrically powered and tall tower components are stored horizontally. The project proposes minimal improvements and only two (non-occupied) buildings onsite for equipment and parts storage. The project will also provide a paved driveway and paved parking onsite.

This is to advise that the City of Adelanto has approved the above described project on
