Present Land Use/Zoning/General Plan Designation:

Existing storm drainage culvert beneath Coast Road on Federal DoD Property (Vandenberg Space Force Base)

Project Description: (please use a separate page if necessary)

The Proposed Action consists of the necessary repairs to Culvert 10 to ensure it functions adequately to move stormwater discharges beneath Coast Road. Culvert 10 provides proper stormwater drainage beneath Coast Road. Coast Road provides the only access route for the delivery of assets to mission critical space and missile launch sites on South Vandenberg SFB. Space Launch Delta 30 (SLD 30) would construct a temporary access road to Culvert 10 for all repair activities. This would involve the use of a combination of temporary and existing staging, equipment parking, and laydown yards for the Culvert 10 repairs. Following the completion of Culvert 10 repair activities, SLD 30 would restore all temporarily disturbed areas.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
