

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Sky View Elementary School New Classroom Building Project

Lead Agency: Perris Elementary School District

Contact Name: Bradd E. Runge

Email: Bradd.runge@perrisesd.org Phone Number: 951.657.3118

Project Location: 625 Mildred Street, Perris, Riverside 92570

*City*

*County*

Project Description (Proposed actions, location, and/or consequences).

The Perris Elementary School District proposes to construct a new two-story classroom building at the southwest corner of the Sky View Elementary School Campus that would contain 10 new classrooms and two labs, restrooms, a work room, and mechanical and storage rooms. Additionally, the proposed project would expand the existing kitchen in the western portion of the campus. The proposed project would increase student capacity by approximately 45 percent compared to the existing conditions. Additionally, the proposed project would include exterior changes and additions such as the relocation of three basketball courts, an outdoor learning space, and two outdoor shade structures with benches within the project site.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The environmental assessment presented in the IS/MND identifies environmental impacts that would be potentially significant unless mitigation measures are incorporated into the project for: Air Quality, Cultural Resources, Geology and Soils, and Tribal Cultural Resources. The IS/MND analysis determined that all impacts from the proposed project would be less than significant after mitigation. The Initial Study supports the adoption of a Mitigated Negative Declaration.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy are known to the Perris Elementary School District.

Provide a list of the responsible or trustee agencies for the project.

State Agencies:

- California Department of General Services, Division of State Architect (DSA)

Local Agencies:

- City of Perris, Fire Department.
