The Sonoma County Regional Parks Department, pursuant to Section 23A-11 of the Sonoma County Code, determines that the following project is exempt from the requirements of the California Environmental Quality Act:

Doran Regional Park Monterrey Cypress Removal

**Project Title**

201 Doran Beach Road, Bodega Bay, CA 94923      100-130-006

**Project Location - Specific**      **APN**

Bodega Bay      Sonoma County

**Project Location - City**      **Project Location - County**

**Description of Nature, Purpose, and Beneficiaries of Project:** The Doran Regional Park Monterrey Cypress Removal project will selectively remove approximately 20, small (14" dbh or less) Monterrey cypress (*Calitopsis macrocarpa*) trees to maintain native vegetation and plant and animal communities. The goal of the project is to maintain native dune habitat for western snowy plover, a small shoreline bird that forages and nests in dune and beach habitat. Plover eggs and chicks can be predated by ravens, skunks and racoon that use encroaching cypress trees as perches or cover. Removing this non-native vegetation will support and enhance native dune habitat. Regional Parks will attempt to reuse salvageable woody material offsite. Large, scenic, healthy cypress trees will be retained.
