This project includes a temporary waiver of the wasteshed restrictions at the Calabasas Landfill, allowing it to accept materials from outside of its normal wasteshed area. The project also authorizes the Lancaster Landfill to increase the daily solid waste intake tonnage limit from 3,000 tons to 7,000 tons per day and authorizes the Sunshine Canyon Landfill to increase the daily tonnage limit from 12,100 to 15,000 tons per day.
