FRESNO COUNTY CLERK  
By Cyan Edmisten DEPUTY

THE PROJECT DESCRIBED HEREIN IS DETERMINED TO BE CATEGORICALLY EXEMPT FROM THE PREPARATION OF ENVIRONMENTAL DOCUMENTS PURSUANT TO ARTICLE 19 OF THE STATE CEQA GUIDELINES.

**LEAD AGENCY:** City of Reedley  
1733 Ninth Street  
Reedley, CA 93654  
Phone: (559) 637-4200 x 222  
E-mail: [ellen.moore@reedley.ca.gov](mailto:ellen.moore@reedley.ca.gov)

**APPLICANT:** City of Reedley Engineering Department  
Marilu Morales, P.E.  
1733 Ninth Street  
Reedley, CA 93654  
Phone: (559) 637-4200 x 221

**PROJECT TITLE:** Environmental Assessment No. 2025-01  
Reed Avenue and Reedley College Driveway Traffic Signal

**PROJECT LOCATION:** Street Intersection of North Reed Avenue and Reedley College Driveway, and an approximately 800 linear foot street segment of North Reed Avenue near Kip Patrick Drive and south of Parlier Avenue

**EXEMPT STATUS:** Categorical Exemption

**PROJECT DESCRIPTION:** This project includes removing and replacing concrete improvements, lane widening, the removal of an existing rapid flashing beacon system and crosswalk, and installation of a traffic signal at the intersection of Reed Avenue and Reedley College Driveway, and an approximately 800 linear foot street segment of North Reed Avenue near Kip Patrick Drive and south of Parlier Avenue (see Vicinity map for exact location). The project is consistent with the 2030 General Plan Update, Circulation Element.

**This project is exempt under Section 15301 (Class 1/Existing Facilities) and Section 15332 (Class 32/Infill Development Projects) of the California Environmental Quality Act (CEQA) Guidelines.**

**EXPLANATION:** Section 15301(c) (Class 1/Existing Facilities), exempts from the provisions of CEQA projects characterized as repair of existing highways and streets, sidewalks, gutters, and bicycle and pedestrian trails, and other alterations such as the addition of bicycle facilities and other similar alterations that do not create additional automobile lanes. The proposed project is designed consistent with the City of Reedley Standard Specifications and Standard Drawings. The proposed project includes removing and replacing concrete improvements, lane widening, the removal of an existing rapid flashing beacon system and crosswalk, and installation of a traffic signal, which would not create additional automobile lanes. Therefore, this project is exempted under this Section.

City of Reedley  
Categorical Exemption  
Environmental Assessment No. 2025-01

Section 15332 (In-Fill Development Projects) of the CEQA Guidelines also exempts projects that are consistent with the General Plan and zoning; occur within the city limits on a site less than five acres; contain no habitat for endangered species; would not result in any significant effects relating to traffic, noise, air quality or water quality; and can be adequately served by all required utilities and public services.

The proposed roadway project is consistent with the 2030 General Plan Update, Chapter 3, Circulation Element, Figure 3.1 – Circulation Diagram, the purpose of which is to provide a surface transportation system for the general welfare of the community. The project occurs in the city limits of Reedley and is on an affected area that is less than five acres with no habitat for endangered species on the site. The project site is existing streets in an urban area, which has a high level of disturbance within, and adjacent to the project area, therefore it lacks suitable habitat for endangered species. The project would be required to comply with general plan policies and mitigation measures addressed in the Reedley General Plan 2030 Program EIR (SCH# 2010031106), which would determine that the project would not result in any significant effects related to traffic, noise, air quality or water quality.

The proposed alley paving project is an exemption characterized under Section 15301 (Class 1/Existing Facilities) and Section 15332 (Class 32/Infill Development Projects) of the California Environmental Quality Act (CEQA) Guidelines.

Date: March 3, 2025
