

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Beachfront Park Improvements Project

Lead Agency: The City of Crescent City, 377 J Street, Crescent City, CA 95531.

Contact Name: Bob Brown, Contract Community Development Director

Email: bbrown@shn-engr.com Phone Number: (707) 464-7483

Project Location: Crescent City, Del Norte County
City *County*

Project Description (Proposed actions, location, and/or consequences).

The City of Crescent City is proposing improvements to Beachfront Park, a waterfront community park and open space situated along Crescent City Harbor. New or replacement construction consists of: an amphitheater, waterfront plaza for farmers markets, interpretive trail (i.e., Tolowa Interpretive Trail), new entryway and signage, improvements to the entry to the Del Norte County Visitor/Cultural Center, the plaza for the Tolowa Interpretive Trail expansion of the children's play area with inclusive play features, 1-mile running/walking loop, new restrooms, development of new sports fields in the central portion of the park along with connecting paths (this document covers the physical placement/construction activities of improvements but does not include the operations, as those details are unknown at this time and funding is not secured), landscape and irrigation improvements, various site furnishings, and various subsurface utilities.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The issue areas of Aesthetics, Air Quality, Biological Resources, Cultural Resources, Hazards and Hazardous Materials, and Tribal Cultural Resources were found to have less than significant environmental impacts with mitigation measures incorporated.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None

Provide a list of the responsible or trustee agencies for the project.
