Exempt Status: (check one):

- Ministerial Exemption [Section 21080(b)(1); 15268];
- Declared Emergency (Section 21080(b)(3); 15269(a));
- Emergency Project [Section 21080(b)(4); 15269(b)(c)]
- Categorical Exemption.
State type and section number: Section 15301 Existing Facilities and Section 15302 Replacement or Reconstruction
- Statutory Exemption.
State code number:

Reasons why project is exempt:

Section 15301 Existing Facilities (Class 1): The Class 1 Categorical Exemption consists of the operation, repair, maintenance, permitting, leasing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The project involves an annual permit for routine repair and maintenance of existing facilities or structures that involve negligible or no expansion of existing or former use.

Section 15302 Replacement or Reconstruction (Class 2): The Class 2 Categorical Exemption consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced. The Project involves the replacement of existing structures and facilities that will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced. All equipment that is removed from the site will be disposed of in a manner that meets all federal, state and local environmental and regulatory requirements.

The Port has determined that none of the exceptions to the exemptions in the California Environmental Quality Act (CEQA) Guidelines Section 15300.2 foreclose the use of Categorical Exemption CEQA Guidelines Section 15301 (Existing Facilities) and Section 15302 (Replacement or Reconstruction), therefore the Project is exempt from CEQA and no further environmental review is required.
