

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Santa Fe Elementary School Expansion Project

Lead Agency: Porterville Unified School District

Contact Name: Kevin Holtermann, Project Manager

Email: kholtermann6345@portervilleschools.org

Phone Number: 559.782.7066

Project Location: Porterville
City

Tulare
County

Project Description (Proposed actions, location, and/or consequences).

The proposed project would expand the campus of Santa Fe Elementary School with the District acquisition of a 3.80-acre City owned parcel (APN 261-150-056) and the construction of two new buildings (Building 700 and 800) to serve TK, preschool and kindergarten students, a new parking lot ("Parking lot 3"), and reconfigure Parking lot 2 which includes a new pickup/drop-off area. The proposed project would increase student capacity on campus by 275 transitional kindergarten, preschool, and kindergarten students at the Santa Fe Elementary School (SFES) campus, and this would increase SFES's capacity from 816 to 1,091 students. To accommodate the increase in student capacity nine new staff members would be hired, and eight staff members would be relocated from other District campuses to SFES.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Mitigation Measures are incorporated to Biological Resources (BIO-1, Preconstruction Avian Survey; BIO-2, Preconstruction Monarch Butterfly Survey), Cultural Resources (CUL-1 Archaeological Monitor), Geological and Soils (GEO-1, Removal of Fossil Locality Procedures); Greenhouse Gas Emissions (GHG-1, Install Electric Vehicle spaces); and Tribal Cultural Resources (TCR-1, Native American Monitor). With the incorporation of mitigation measures, impacts would be less than significant. See detailed mitigation measures outlined in the public draft Initial Study/MND.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No known areas of controversy concerning the proposed project have been identified.

Provide a list of the responsible or trustee agencies for the project.

State and Regional Agencies:

Division of State Architects
California Department of Toxic Substances Control
San Joaquin Valley Air Pollution Control
California Department of Education

Local Agencies:

City of Porterville
City of Porterville Planning Commission
City of Porterville Fire Department
