Present Land Use/Zoning/General Plan Designation:

Hydroelectric generation and recreation / Placer County TPZ (Timberland Production)

Project Description: (please use a separate page if necessary)

The Project is the construction of the new approximately 1.7-acre Hell Hole Worker Campground that will provide recreational vehicle (RV) stalls and picnic sites for use by PCWA or others (as approved) working in the vicinity of the Middle Fork American Project (MFP) (Federal Energy Regulatory Commission (FERC) Project No. 2079) area. The Project also includes several improvements required under the FERC License for the MFP, including provision of potable water system and other minor improvements to the nearby Hell Hole Boat Ramp General Parking Area. PCWA therefore will construct a potable water system that will serve the worker campground, the existing Hell Hole Dormitory and operator cottages and shop, as well as the Hell Hole Boat Ramp General Parking Area. As part of this Project, PCWA will also install communication lines to provide improved data and internet communications to the worker campground, Hell Hole Dormitory, operator cottages and shop, and the Hell Hole Boat Ramp.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
