## California Environmental Quality Act Notice of Exemption

**To:** Office of Land Use and Climate Innovation  
 State Clearinghouse  
 1400 Tenth Street, Room 113  
 Sacramento, CA 95814

**From:** Department of Conservation  
 715 P Street, MS 1803  
 Sacramento, CA 95814  
**Contact:** CEQA@conservation.ca.gov

**Project Title:** 666893\_Group\_Chevron\_OG\_UIC

**Project Applicant:** Chevron U.S.A. Inc. (Chevron)

**Project Location:** Kern County, Lost Hills Oil Field; 32/26S/21E/MD;  
 35.62530136, -119.73311615

**Project Description:** Chevron proposes to sidetrack 3 existing oil & gas wells to restore to original functionality. The work is designed to support continuation of oil and gas resource development in the area. The project includes plugging back the original wellbores and then initiating the sidetrack to the new bottom hole location. The new perforations will then occur in the new wellbores. The wells will then be returned to production utilizing existing pipeline and facilities production infrastructure. The wells will operate within the existing completion zone and continue to operate consistent with past and current use.

The proposed project consists of the California Department of Conservation, Geologic Energy Management Division (CalGEM) approving 3 permits for Chevron to perform sidetrack work on the wells listed below, in the Lost Hills Oil Field, to address well integrity issues.

API #	Well Name
0403024485	12-10P
0403037927	6-7CR
0403032440	168AR

**Exempt Status:** As the Lead Agency, CalGEM has determined that the proposed project is exempt from full environmental review requirements of the California Environmental Quality Act (CEQA), pursuant to the specified exemptions marked in the section below. CalGEM further finds that the proposed project would not result in a significant adverse impact to the environment, or that any of the exceptions to the application of the exemptions apply (14 CCR § 15300.2).

Exemption Type		Statute (PRC)	Regulation (14 CCR)	
<input type="checkbox"/>	<b>Statutory Exemption:</b>			
	<input type="checkbox"/> Ongoing Project ( <i>pre-CEQA approval on April 5, 1973</i> )	21169	15261 (b)	
	<input type="checkbox"/> Ministerial	21080 (b)(1)	15268	
	<input type="checkbox"/> Declared Emergency	21080 (b)(3)	15269 (a)	
	<input type="checkbox"/> Emergency Projects	21080 (b)(4)	15269 (b) or (c)	
<input checked="" type="checkbox"/>	<b>Categorical Exemption:</b>	21084		
	<input checked="" type="checkbox"/> <b>Class 1:</b> Existing Facilities		15301	1684.1
	<input checked="" type="checkbox"/> <b>Class 2:</b> Replacement or Reconstruction		15302	
	<input type="checkbox"/> <b>Class 3:</b> New Construction/Conversion of Small Structures		15303	
	<input checked="" type="checkbox"/> <b>Class 4:</b> Minor Alterations to Land		15304	1684.2
	<input checked="" type="checkbox"/> <b>Class 7:</b> Protection of Natural Resources		15307	
	<input checked="" type="checkbox"/> <b>Class 8:</b> Protection of the Environment		15308	
	<input type="checkbox"/> <b>Class 11:</b> Accessory Structures		15311	
	<input type="checkbox"/> <b>Class 21:</b> Enforcement Actions to revoke a permit		15321	
	<input type="checkbox"/> <b>Class 30:</b> Minor Actions to Prevent, Minimize, Stabilize, Mitigate, or Eliminate a Release (Actual or Threat) of Hazardous Substances (Waste or Material)		15330	
	<input type="checkbox"/> <b>Class 33:</b> Small Habitat Restoration Projects		15333	
<input type="checkbox"/>	<b>General Exemption</b> ("common sense")		15061 (b)(3)	
<input type="checkbox"/>	<b>Not a "Project" subject to CEQA</b>		15378 (b)(2)	
<p><b>CEQA Exceptions to the Exemptions (14 CCR § 15300.2):</b> where project is located (e.g., sensitive environment); Cumulative Impact; Significant Effect due to Unusual Circumstances; Scenic Highways; Hazardous Waste Sites; Historical Resources.</p>				

**Reasons Why Project is Exempt:** The basis for CalGEM's determination that the project is exempt from the requirements of CEQA is provided in the brief explanation below.

**Class 1, Existing Facilities (14 CCR §§ 15301, 1684.1):** The "Class 1" (14 CCR § 15301) exemption is applicable per the CEQA Guidelines and CalGEM's regulations (14 CCR § 1684.1) because the proposed work consists of repair, maintenance, or minor alteration of existing previously permitted wells involving no expansion of former use. The Class includes, but is not limited to: remedial, maintenance, conversion, and abandonment work on oil, gas, injection, and geothermal wells. The wells would maintain their existing well type and the use of the wells would remain the same as before.

**Class 2, Replacement or Reconstruction (14 CCR § 15302):** Class 2 applies because it consists of "replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced[.]" Examples of

Class 2 include, but are not limited to, "Replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity." The proposed project is the sidetrack, or replacement, of the existing wellbore which is needed to restore the wells to original functionality. The sidetracked wells will be located on the same site and would have substantially the same purpose and capacity as the wells did before the sidetrack. Additionally, no additional construction will occur.

**Class 4, Minor Alterations to Land (14 CCR §§ 15304, 1684.2):** Class 4 exemption applies. The proposed project would be conducted entirely on existing pads with enough space to contain all equipment. The project would not disturb any undisturbed areas. The proposed project is located within an industrial area. Therefore, the proposed project "consists of drilling operations that result in only minor alterations with negligible or no permanent effects to the existing condition of the land, water, air, and/or vegetation." The sidetracks would not expand the facility.

**Classes 7 and 8, Actions by Regulatory Agencies for Protection of Natural Resources and the Environment (14 CCR §§ 15307, 15308):** Class 7 and Class 8 exemptions apply. The exemptions are for actions taken by regulatory agencies as authorized by law to assure the maintenance, restoration, enhancement, or protection of a natural resource or the environment where the regulatory process involves procedures for the protection of the environment." As demonstrated in the record, the sidetracks involve remedial/rework to address well integrity issues that requires swift action for protection of a natural resource and the environment.

**Exceptions to Exemptions:** CalGEM further finds that there are no exceptions to the application of the categorical exemptions (PRC § 21084; 14 CCR § 15300.2) referenced above. For example, there is no substantial evidence that there are any "unusual circumstances" associated with the proposed project that create a reasonable possibility that the activity will have a significant effect on the environment, and that there are no significant "cumulative impacts" resulting from successive projects of the same type in the same place. Therefore, reliance on the exemptions is appropriate.
