

# Notice of Exemption

To: Office of Planning and Research  
P.O. Box 3044, Room 113  
Sacramento, CA 95812-3044

County Clerk

County of: Los Angeles

12400 Imperial Hwy.

Norwalk, CA 90650

From: (Public Agency): City of Los Angeles

Department of Cannabis Regulation

221 N. Figueroa St., Suite 1245, Los Angeles, CA 90012

(Address)

Project Title: DCR CORE RECORD NO. 200287

Project Applicant: Full Spectrum Group, Inc.

Project Location - Specific:

13636 W Vaughn Street Pacoima, CA 91340 / Bradley Ave & San Fernando Rd

Project Location - City: Pacoima

Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

**Cultivation, Distribution, and Manufacturing of commercial cannabis products under State and local law.**

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: Full Spectrum Group, Inc.

Exempt Status: **(check one):**

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: CEQA Sections 15301 & 15332/Class 1 & 32
- Statutory Exemptions. State code number: \_\_\_\_\_

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

## DETERMINATION AND APPROVAL OF COMMERCIAL CANNABIS ANNUAL LICENSE(S)

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

<b>DCR Record No.:</b>	LA-S-24-200287-ANN
<b>Applicant Name:</b>	Full Spectrum Group, Inc.
<b>Activity(ies) Requested:</b>	Manufacturing (Type 6) Distribution (Type 11) Cultivation, Indoor, Medium (Type 3A)
<b>Proposed Project:</b>	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
<b>Business Premises Address/ Project Location:</b>	13636 W Vaughn Street Pacoima, CA 91340
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	7 Pacoima - Arleta - Pacoima M2-1-CUGU
<b>LAMC Section / "Phase":</b>	LAMC 104.08 / Phase 2
<b>Environmental Analysis/Clearance:</b> ENV-200287-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

**BACKGROUND:**

The Applicant was issued Temporary Approval by DCR with an effective date of April 20, 2022]. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, CDPH-10004694, to conduct Manufacturing (Type 6), active through September 17, 2025; C11-0001379-LIC, to conduct Distribution (Type 11), active through August 9, 2025; CCL19-0005380 to conduct Cultivation (Type 3A), active through September 22, 2025.

The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 13636 W Vaughn Street, Pacoima, CA 91340, a parcel zoned for Light Manufacturing purposes.

**DEPARTMENT ANNUAL LICENSING DETERMINATIONS:**

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- **(Social Equity only):** The Applicant has met the requirements under LAMC Section 104.20.

**THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:**

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- **(Social Equity Only)** Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

**CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:**

The Applicant seeks conversion of an existing Manufacturing (Type 6); Distribution (Type 11), Cultivation (Type 3A), Temporary Approval to an Annual License to be located on an existing site zoned for Light Manufacturing, M2-1-CUGU at 13636 W Vaughn Street, Pacoima, CA 91340 (Assessor's Parcel Number 2523-004-049). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 10:00 a.m. to 6:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

**CEQA PROJECT ANALYSIS & FINDINGS:**

**Land Use/Zoning Designations**

Light Manufacturing / M2-1-CUGU

**Surrounding Land Use/Zoning Designations**

Light Manufacturing / M2-1-CUGU

**Subject Property**

The subject site is a fully developed lot within the Arleta - Pacoima Community Plan Area. The lot is approximately 329 feet deep and a width of 138 feet along W Vaughn. The site is currently developed with a Industrial - Warehousing, Distribution, Storage - Warehousing, Distribution, Under 10,000 SF - One Story building, built in 1967 proposed to be maintained.

The site has a Light Manufacturing land-use designation and is zoned M2-1-CUGU. The site is located within Council District 7, Pacoima Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

**Abutting Properties**

Abutting uses include light manufacturing uses within 200 feet of the site. The immediate area along W Vaughn is predominantly developed with Light Manufacturing uses, zoned M2-1-CUGU. (See Exhibit B)

**CEQA Findings**

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 44,517 gross square feet, zoned M2-1-CUGU with a Industrial - Warehousing, Distribution, Storage - Warehousing, Distribution, Under 10,000 SF - One Story building originally constructed in 1967. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 44,517 gross square foot property (i.e., less than five acres), and is substantially surrounded by Light Manufacturing uses. The surrounding area is Light Manufacturing zoned M2-1-CUGU, and developed with a mix of light manufacturing buildings along W Vaughn between Bradley Avenue and San Fernando Road Southwest Roadway.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

**DEPARTMENT OF CANNABIS REGULATION ACTIONS:**

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Manufacturing (Type 6), Distribution (Type 11), Cultivation (Type 3A) Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

### Categorical Exemption Evaluation Form

**Instructions:** Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

**Project Description:** *Insert project description information or reference where this information is located.*

The Vaughn Street facility is authorized for 4 licensed cannabis activities all approved for both adult-use and medical cannabis. DCR LA-S-23-200287-01-01-TMP authorizes Cultivation Medium Indoor (J062), Manufacturer Level 1 (J083) and Distributor (J080) and separately LA-S-23-400687-01-01-TEMP authorizes Non-Storefront Retail Delivery(J030).

Distributor activities are not yet operable at the Vaughn Street facility but expected to become active in January 2024 or soon thereafter. Distribution will receive and sell licensed cannabis products.

Cultivation is currently the only operational licensed activity at the Vaughn Street facility. Manufacturer Level 1 and Non-Storefront Retail Delivery are anticipated to become active in January 2024 or soon thereafter. In addition, the Vaughn Street facility will be the proposed site for a small retail storefront as a joint venture by and between FSG-Inc/Reza Sadafi and Retail Round 2 recipient SEIA Gene Williams. Mr. Williams will commence an application for this new proposed licensed activity and a new premises diagram will be submitted.

The Vaughn Street facility is CEQA-exempt pursuant to CEQA Guidelines section 15301. All activities will remain within the footprint of the existing building zoned M2-1. The project site is fully developed - no additional construction or improvements are needed for the cannabis licensed activities beyond possible electrical, mechanical and/or plumbing conveyance. site will not generate any additional solid waste as defined by PCR section 4019.

The Vaughn Street facility is a single-story slab foundation brick building with a flat roof and a paved asphalt tenant parking lot. It was built in 1967 and is enclosed by a wrought iron fence with a security monitored locked gate. There are several small trees that grow from small asphalt cut-outs.

**Categorical Exemption Evaluation Form**

**Class 1: Existing Facilities**

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose?  Yes  No

*Provide details of current or prior operation(s). Cite source(s) of information.*

There was no prior commercial cannabis activities at the Vaughn Street facility before FSG-Inc/Reza Sadafi received DCR authorization for adult-use and medical cannabis activities: Cultivation Medium Indoor (J062), Manufacturing Level 1-Type 6 (J-083), Distributor (J080) and subsequently by separate license LA-S-23-400687-01-01-TMP for Non-Storefront Retail Delivery (J030).

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6)  Yes  No

*Provide expansion details, if applicable. Cite source(s) of information.*

3. Project Expansion:  
Size of expansion in square feet:

*Cite source(s) of information.*

N/A

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 6.)  Yes  No

*Cite source(s) of information.*

N/A

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 4.)  Yes  No

*Cite source(s) of information.*

N/A

- c. Would the expansion be greater than 10,000 square feet?  Yes  No

*Cite source(s) of information.*

N/A

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)?  Yes  No

*Describe which public services serve the project site. Cite source(s) of information.*

LADWP

5. Is there evidence that the project site is located in an environmentally sensitive area?  Yes  No

*Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.*

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures?)  Yes  No

*Describe size of structure to be demolished and location.*

**Categorical Exemption Evaluation Form**

**Class 2: Replacement or Reconstruction**

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed?  Yes  No

*Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.*

2. Would the new structure have substantially the same purpose and capacity as the existing structure?  Yes  No

*Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.*

N/A

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form**

**Class 3: New Construction or Conversion of Small Structures**

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?  Yes  No

*Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.*

2. Does the project involve the construction of new small structures?  Yes  No

*Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.*

***Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.***

3. Is the project within an urbanized area? (If no, skip to [Question 9.](#))  Yes  No

*Cite source(s) of information.*

The United States Census Bureau states 1.862 million (2020)

**FOR SITES IN URBANIZED AREAS**

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less?  Yes  No

*Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.*

5. Is the parcel zoned for the proposed use?  Yes  No

*Cite source(s) of information.*

Zimas states zoning is M2-1-CUGU

6. Does the project involve the use of significant amounts of hazardous substances?  Yes  No

*Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.*

7. Are all necessary public services and facilities available to the project?  Yes  No

*List all services and facilities provided. Cite source(s) of information.*

LADWP

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to [Question 11.](#))  Yes  No

*Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.*

**FOR SITES NOT IN URBANIZED AREAS**

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?  Yes  No

*Provide information regarding size of new structure, if applicable. Cite source(s) of information.*

10. Does the project involve the use of significant amounts of hazardous substances?  Yes  No

*Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.*

**FOR ALL SITES**

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form**

**Class 4: Minor Alterations to Land**

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?  Yes  No

2. Does the project involve alterations to land, water, or vegetation that would be considered minor?  Yes  No

*Provide details, if needed. Cite source(s) of information.*

3. Would the alterations consist of grading on lands of 10 percent slope or steeper?  Yes  No

*Provide details, if needed. Cite source(s) of information.*

4. Would the alterations consist of grading in an area determined to be a wetland?  Yes  No

*Cite source(s) of information.*

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency?  Yes  No

*Provide name of scenic area (if applicable). Cite source(s) of information.*

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist?  Yes  No

*Provide the name of the zone (if applicable). Cite source(s) of information.*

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form**

**Class 11: Accessory Structures**

1. Does the project include the construction or placement of accessory structures?  Yes  No

*Describe new and/or replacement accessory structures. Cite source(s) of information.*

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form**

**Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site?  Yes  No

*Cite source(s) of information.*

N/A - not an Infill Development Project

2. Project Size and Location  
a. Is the project site 5 acres in size or less?  Yes  No

*Indicate the size of the project site, in acres. Cite source(s) of information.*

N/A - see answer to 1. above

- b. Is the project site substantially surrounded by urban uses?  Yes  No

*Describe the uses of the surrounding properties. Cite source(s) of information.*

N/A - see answer to 1. above

3. Does the project site have value as habitat for endangered, rare, or threatened species?  Yes  No

*Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.*

N/A - see answer to 1. above.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality?  Yes  No

*Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.*

N/A - see answer to 1. above

5. Can the project site be adequately served by all required utilities and public services?  Yes  No

*Describe which utilities and public services serve the project site. Cite source(s) of information.*

N/A - see answer to 1. above.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

N/A - see answer to 1. above.

### Exceptions to Exemptions

#### 1. Scenic Highways

- a. Is the project visible from an official State Scenic Highway?  Yes  No

*List State Scenic Highway(s) from which the project is visible (if applicable).  
Cite source(s) of information.*

- b. If yes, would the project result in damage to scenic resources?  Yes  No

*Describe scenic resources and potential damage (if applicable). Cite  
source(s) of information.*

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)?  Yes  No

*Describe the type of hazardous site (if applicable). Cite source(s) of information.*

3. Would the project result in a substantial adverse change in the significance of a historical resource?  Yes  No

*List the historic resource(s) potentially affected and describe the potential effects  
(if applicable). Cite source(s) of information.*

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**  Yes  No

*Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.*

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**  Yes  No

*Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.*

6. **Would the project impact an environmental resource of hazardous or critical concern?**  Yes  No

*Provide details, if needed. Cite source(s) of information.*

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**  Yes  No

*Provide details, if needed. Cite source(s) of information.*

**CEQA Exemption Petition**Class: 1 Category: Existing Facility

Explanation of how the project fits the CEQA exemption indicated above:

The Vaughn Street facility is an existing structure built in 1967 and is CEQA exempt pursuant to CEQA Guidelines section 15301. All activities will remain within the footprint of the existing structure zoned M2-1. This project site is fully developed with no planned construction or improvements beyond electrical, mechanical and/or plumbing conveyance. This site will not generate any additional solid waste as defined by PCR section 40191.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Zimas, Google map, United States Census Bureau. See attached Google vicinity and street view maps.

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

The Vaughn Street facility is bordered in front by Vaughn Street and has commercial buildings on either side. See Google map attachments for vicinity and street view maps.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

There are only 2 uses at the Vaughn Street facility: (1) commercial cannabis activities authorized by DCR under 2 temporary licenses, and (2) aircraft parts manufacturing by Triumph Precision. This facility is zoned M2-1 and in a commercial activity area, the nearest R-1 (residential) zone is 996.35 feet away. There are no abutting land uses.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

The Vaughn Street facility that currently houses FSG-Inc/Reza Sadafi commercial cannabis activities was previously occupied in 2019 by Triumph Precision, who remains a tenant at this location manufacturing aircraft parts.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

As stated herein above, the Vaughn Street facility was previously occupied by Triumph Precision who is still a tenant manufacturing aircraft parts. The landlord informed there was no prior cannabis activities at the Vaughn Street facility.

- (e) Maps to be Included: Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).

**3. Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

Medium Indoor Cultivation is currently operational at the Vaughn Street facility. Manufacturing, Distribution and Non-Storefront Retail Delivery are all proposed to become operational in January 2024 or thereafter. Cultivation uses 360 660 watt LED lights in 4 flower rooms, 1 clone room, 1 immature plant room, 1 drying room and 1 trim room. Once operational, Manufacturing will use 1 water washer and produce pre-rolls and cartridge filler; Distribution will receive and sell cannabis goods, and Non-Storefront Retail Delivery will delivery licensed cannabis goods using 1 vehicle.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

All cannabis activities licensed at the Vaughn Street facility are owned and operated by FSG-Inc/Reza Sadafi. A small retail storefront will be proposed for space at this facility by SEIA Gene Williams who was a recipient of Retail Round 2 lottery held in 2022 as a joint venture with FSG-Inc/Reza Sadafi.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Zimas informs the Lot size is 44,517.3 sq. feet. The estimated total floor area of current licensed activities is 7685 sq. ft (Cultivation - 6,592 sq.ft; Manufacturing - 587 sq. ft.; Distribution 264 sq feet; Non-Storefront Retail Delivery - 242 sq. ft.). With an add-on of small proposed retail storefront (374 sq ft), the new total will be 8059 sq. ft.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

DCC has issued provisional licenses for all currently authorized activities owned and operated by FSG-Inc/Reza Sadafi at the Vaughn Street facility: Cultivation Medium Indoor, Manufacturing - Level 1 (Type 6), Distribution and Non-Storefront Retail Delivery.

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

All hours of operation and work shifts at the Vaughn Street facility will be 10 am to 6 pm.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

7 employees per shift with current licensed activities; 2 more employees for proposed small retail storefront, a total of 9 employees.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Cultivation is the only current operable activity at the Vaughn Street facility at this time - a distribution company arrives once every 2-4 weeks. Proposed estimates for the other licensed activities that are currently inoperable: Distribution - 1 vehicle every 2-4 weeks; Manufacturing - 1 vehicle once a week; deliveries made by Non-Storefront Retail Delivery cannot be estimated but 1 vehicle will be used for its delivery activities. All deliveries will take place during hours of operation: 10 am to 6 pm.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

LADWP

The Vaughn Street facility is authorized for 4 licensed cannabis activities all approved for both adult-use and medical cannabis. DCR LA-S-23-200287-01-01-TMP authorizes Cultivation Medium (J062), Manufacturer Level 1 (J083) and Distributor (J080) and separately LA-S-23-400687-01-TMP authorizes Non-Storefront Retail Delivery (J030).

Distribution activities are not yet operable at the Vaughn Street facility but expected to become active in January 2024 or soon thereafter. Distribution will receive and sell licensed cannabis goods.

Cultivation is currently the only operable licensed activity; Manufacturer Level 1 is anticipated to become operational in January 2024 or soon thereafter. In addition, the Vaughn facility will be the proposed site for a small retail storefront as a joint venture by and between FSG-Inc/Reza Sadfi and Retail Round 2 recipient SEIA Gene Williams. SEIA Gene Williams will commence an application for this new proposed licensed activity at the Vaughn Street facility and a new premises diagram will be submitted.

**4. Environmental Setting:**

- (a) Describe natural characteristics on the project site.

There are several small trees on the property growing out of small asphalt cut-outs. There is no habitat, soil drainage or other general vegetation due to large area outside site is fully developed as a commercial construction or improvements are needed for the cannabis licensed activities beyond possible electrical, mechanical and/or plumbing conveyance. site will not generate any additional solid waste as defined by PCR section 4019.

- (b) General Topographic Features (slopes and other features):

The Vaughn Street facility is a single-story slab foundation brick building with a flat roof and a paved asphalt ramp leading to the building. The building is enclosed by a wrought iron fence with a security monitored locked gate. There are several small trees that grow from small asphalt cut-outs.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

Several small trees growing out of small asphalt cut-outs.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

N/A

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

N/A

- (f) Identify whether the property has any historic designations or archeological remains onsite:

N/A

- (g) Identify whether the property contains habitat for special status species:

N/A

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

N/A

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

All cannabis byproducts will be self-hauled in accordance with cannabis waste regulations.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The energy source is LADWP. The amount of energy per day cannot be estimated due to fact several licensed activities are currently inoperable. It is not anticipated the project will require an increase in its energy demand. All activities at the Vaughn Street facility will use energy efficient LED lights.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

N/A

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

All cannabis activities at the Vaughn facility will use energy efficient LED lights.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant.*

As previously discussed herein above, the Vaughn Street facility is CEQA exempt pursuant to CEQA guidelines section 15301.

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- California Department of Cannabis Control
- Los Angeles Fire Department
- Los Angeles Department of Building and Safety
- California Department of Fish and Wildlife
- State Water Resources Control Board / Regional Water Quality Control Board
- County of Los Angeles Public Health Permit
- Local Air District
- Streambed Alteration Agreement
- Water quality protection program
- Los Angeles Department of Water and Power
- Los Angeles Department of Public Works, Bureau of Sanitation

## Partial List of Categorical Exemptions under CEQA

*Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.*

N/A - see answer to 1. above

<b>Class</b>	<b>Category</b>	<b>Description</b>
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
