RE: SCH# 2025040133

The Bishop Area of the California Highway Patrol received the "Notice of Completion and Environmental Document Transmittal" for the proposed Keough Pavement project for State Clearinghouse (SCH) # 2025040133. After review, we have concerns with the potential impact this project could have on traffic safety.

US 395 is the only major highway in the Eastern Sierra. This highway is the major connecting highway for the communities of Eastern Sierra, as well as through traffic from Southern California and Reno Nevada. This project could negatively impact traffic congestion and thus, negatively impact traffic safety and our operations. Additional traffic control measures would be needed to mitigate the potential increase in traffic congestion and traffic crashes within the jurisdiction of the Bishop CHP Area.

If you have any questions regarding these concerns, please contact me at (760) 872-5150.

Sincerely,

A handwritten signature in cursive script that reads "C. Broyles".

C. BROYLES, Captain
Commander
Bishop Area
