Present Land Use/Zoning/General Plan Designation:

Agriculture

Project Description: (please use a separate page if necessary)

The District proposes (1) the construction and operation of new surface water diversion and groundwater recharge basins and facilities located along Arroyo Pasajero Creek and Panoche Creek, and (2) the conversion and operation of the existing Cantua Creek storage basin to a surface water diversion system and recharge basin facility. The proposed basins would provide a combined percolation area of 1,004.95 acres, up to a maximum of 1,485.3 acres. The District proposes to divert up to a total maximum of 24,260 acre-feet per year (AFY) of surface waters from these three ephemeral drainages during periods of high flow to be retained in three (3) proposed diversion and recharge basin locations.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
