**SUBJECT:** Filing of Notice of Intent in compliance with Section 15072 of the CEQA Guidelines.

**Project Title:** Maverik Fueling Station - PL2023-040 & -041 (Annexation and Zoning), Use Permit (PL2023-042), SPARC PL2023-043.

**Project Applicant:** Maverik

**Project Location:** 4872 East Kettleman Lane Lodi, California 95240 (unincorporated San Joaquin County), Assessor's Parcel Number (APN) 061-020-15

**Project Description:** The Maverik Lodi project proposes an 8.81 acre mixed commercial use development, including a convenience store with fueling areas and small-scale commercial center with restaurants (sit down and quick serve restaurants), coffee, grocery, and pharmacy. Only the gas station and convenience store development is proposed at this time. The commercial center is included in this environmental analysis to evaluate potential environmental effects associated with annexing the parcel into the City of Lodi; however, no development is proposed on the remainder parcel at this time. Future development of this parcel will require a separate review process. The project is currently vacant agricultural land with street lighting along East Kettleman Lane and some existing curb and gutter along the north frontage of the parcel which are not in their ultimate locations. Additional site improvements include, but are not limited to grading, landscaping, hardscape, and irrigation. The parcel is proposed to be zoned General Commercial within the City of Lodi with annexation.
