

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Commercial Center Safe Routes to School and Green Stormwater Infrastructure Project

Lead Agency: City of Shasta Lake

Contact Name: Peter Bird

Email: pbird@cityofshastalake.org Phone Number: 530-275-7416

Project Location: Shasta Lake, Shasta County

*City*

*County*

Project Description (Proposed actions, location, and/or consequences).

The project will generate a seamless network of complete streets creating safe routes to Grand Oaks School and connections to improved open space areas, trails, residential neighborhoods, shopping, employment centers, government facilities, Tribal owned land, recreation areas, and other local destinations. These projects will serve the needs of all transportation users including pedestrians, bicyclists, people with disabilities, transit riders, and motorists. The WRHCO has begun master planning the commercial center property, and coordination with WRHCO and their design team is anticipated. The roadway portion of the project will have complete streets components to promote multi-modal transportation. Coordination with the urban designer, landscape architect, Redding Rancheria (and their design team) and the City is required to provide a seamless concept of complete streets and to complement the commercial center's development vision. The project also includes an approximately 2-acre open space on the northeast portion of the project site, adjacent to Moody Creek.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

For full description, please see Attachment A (Mitigation Monitoring and reporting Plan) of CEQA IS/MND. The following categories have been determined less than significant with mitigation incorporated: Air Quality, Biological Resources, Cultural Resources, Hydrology and Water Quality, Noise.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

The project has no known controversial issues.

Provide a list of the responsible or trustee agencies for the project.

California Department of Fish and Wildlife  
Regional Water Quality Control Board  
U.S. Army Corps of Engineers  
Native American Heritage Commission
