Project Title: Deferred Maintenance Program DSID 20257 Pipe Removal Project

Project Applicant: Sacramento River West Side Levee District

Project Location - Specific:

Along Wilson Bend Road on the Sacramento River West Bank Levee System. The Latitude/Longitude of the project site is 39.0348, -121.8335

Project Location - City: Grimes Project Location - County: Colusa

Description of Nature, Purpose and Beneficiaries of Project:

The purpose of this project is to properly remove an abandoned 24-inch steel levee pipe penetration to limit the potential risk of levee damage/failure during a high water event. The project would require the excavation of the levee section at the project site, and reconstruction of the levee after pipe removal to its original engineering specifications.

Name of Public Agency Approving Project: Sacramento River West Side Levee District

Name of Person or Agency Carrying Out Project: Meegan Nagy

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: _____
Section 15301 - Existing facilities, Section 15302 - Replacement/Reconstruction, Section 15304 - Minor Alterations to land.
- Statutory Exemptions. State code number: _____

Reasons why project is exempt:

No Sensitive habitat or special status species were identified in the project site. Any sensitive habitat including riparian habitat and elderberry shrubs in the vicinity will be avoided. Additionally, environmental protection measures incorporated into the project would ensure there will be no direct or indirect, or cumulative impacts to historic, gerontological, or cultural resources, human remains. There are no scenic or hazardous waste sites. Therefore the project would not have the potential to result in significant impacts to the environment.
