

# Notice of Exemption

To: Office of Planning and Research  
P.O. Box 3044, Room 113  
Sacramento, CA 95812-3044

County Clerk

County of: Los Angeles

12400 Imperial Hwy.

Norwalk, CA 90650

From: (Public Agency): City of Los Angeles

Department of Cannabis Regulation

221 N. Figueroa St., Suite 1245, Los Angeles, CA 90012

(Address)

Project Title: DCR CORE RECORD NO. 200433

Project Applicant: SGI Ducommon LLC

Project Location - Specific:

706 E Ducommun Street Los Angeles, CA 90012 / Vignes St & Center St

Project Location - City: Los Angeles

Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

Cultivation of commercial cannabis products under State and local law.

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: SGI Ducommon LLC

Exempt Status: **(check one):**

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: CEQA Sections 15301 & 15332/Class 1 & 32
- Statutory Exemptions. State code number: \_\_\_\_\_

Reasons why project is exempt:

Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 & Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15301 & 15332 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

**DETERMINATION AND APPROVAL OF  
COMMERCIAL CANNABIS ANNUAL LICENSE(S)**

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the categorical exemptions under Class 1 and Class 32.

<b>DCR Record No.:</b>	LA-C-24-200433-ANN
<b>Applicant Name:</b>	SGI Ducommon LLC
<b>Activity(ies) Requested:</b>	Cultivation Medium Indoor (Type 3A)
<b>Proposed Project:</b>	The Applicant seeks an Annual License for the commercial cannabis activity(ies) listed above pursuant to LAMC section 104.06 et. al.
<b>Business Premises Address/ Project Location:</b>	706 E Ducommun Street Los Angeles, CA 90012
Council District: Closest Neighborhood Council: Business Improvement District: Community Plan Area: Zoning:	14 Arts District Little Tokyo Arts District Los Angeles Central APC [LF1-WH1-6] [I1-N]
<b>LAMC Section / "Phase":</b>	LAMC 104.08 / Phase 2
<b>Environmental Analysis/Clearance:</b> ENV-200433-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

**BACKGROUND:**

The Applicant was issued Temporary Approval by DCR with an effective date of March 3, 2023. Since that time, the Applicant has adhered to the requirements of the Los Angeles Municipal Code (LAMC) and DCR's Rules and Regulations, and completed all requirements for the issuance of an Annual License. The Applicant currently possesses a State Provisional License, CCL19-0005368, to conduct Cultivation Medium Indoor (Type 3A), active through December 20, 2025.

The Applicant is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program. The Business Premises is located at 706 E Ducommun Street, Los Angeles, CA 90012, a parcel zoned for Production purposes.

**DEPARTMENT ANNUAL LICENSING DETERMINATIONS:**

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- **(Social Equity only):** The Applicant has met the requirements under LAMC Section 104.20.

**THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:**

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation a significant public safety problem as documented by a law enforcement agency;
- Failure to adhere to the requirements of this article or the Rules and Regulations;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- **(Social Equity Only)** Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq*; and,
- An Owner is an individual who holds office in, is employed by, any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity.

At present, DCR is not aware of any existing facts or circumstances to deny this Annual License for the reasons in LAMC Section 104.04.

**CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:**

SGI Ducommun, LLC (Applicant) is seeking an annual license for a Medium Indoor Cannabis Cultivation License for a 7,022 square foot cultivation facility, which currently receives cannabis immature cannabis plants, growing them to maturity, short-term storage, and sale of cannabis flowers. The project is located on a site zoned for Heavy Manufacturing ([LF1-WH1-6] [I1-N]) at 706 E. Ducommun Street, Los Angeles, CA 90012 (Assessor's Parcel Number 5173-016-005) and is currently operating as an indoor cannabis cultivator. The Project-Specific Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures are not proposed to be expanded. The City of Los Angeles Department of Water and Power currently provides water and electricity to the project site.

Current operations include cannabis cultivation. There are typically three deliveries per day to the project site, where current operation hours are between 7:00 am and 4:00 pm Monday through Sunday. There are currently 10 employees at the site per day. Eight weekly incoming shipments and one outgoing shipment is estimated. Employees are estimated to generate 20 trips per day.

Pre-application review has found the project to be consistent with the land use and zoning designations of the project site. Further project site information is provided in the Project Parcel report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit B). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as Department of Cannabis Regulation's (DCR) Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

**CEQA PROJECT ANALYSIS & FINDINGS:**

**Land Use/Zoning Designations**

Heavy Manufacturing / LF1-WH1-6/I1-N

**Surrounding Land Use/Zoning Designations**

Manufacturing / I1  
Public Facilities / PF

**Subject Property**

The project site is located within the manufacturing area of the Arts District of the City of Los Angeles and spans (1) one lot . The total lot size is approximately 1,386 square feet, with a depth of approximately 77 feet and a width of approximately 26 feet along Ducommun Avenue. The lot is currently operating as an indoor cannabis cultivation facility. The site is currently developed as a one-story occupied building, which is proposed to be maintained. The project site has a Production land use designation and is zoned [LF1-WH1-6] [I1-N]. The site is located within Council District 14, and the lot is flat with a pre-existing unit, which is currently being used and maintained by the applicant.

**Abutting Properties**

Abutting uses include manufacturing, commercial, and public facility uses within 200 feet of the site. The subject property is surrounded by a food manufacturer to the east, a brewery to the south, a public high school to the west, and to the south is a brewery, and an industrial building to the north.

**CEQA Findings**

CEQA Guidelines, Sections 15301 and 15332, Class 1 and Class 32, that would allow continued operation and maintenance of the site with no expansion of existing or former use.

Project in conformance with Class 32, Infill Developments must meet the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan

policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows:

a) The proposed project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities. The site is comprised of one lot zoned ([LF1-WH1-6] [I1-N]) with one existing manufacturing facility and structure. - No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The project site is wholly within the City of Los Angeles, on an approximately 1,386 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned light manufacturing, public facilities, medium residential, limited manufacturing, highway oriented commercial. The types of land uses and businesses in the area include a home goods store, an electronics manufacturer, a machine shop, and a mobile home park.

c) The project site is located within an urban, fully developed, manufacturing area, with no known habitats or ecologically valuable areas, including riparian or riverine habitats. Also, the project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way, and would not conflict with the Migratory Bird Treaty Act. Therefore, the project site has no value as habitat for endangered, rare or threatened species.

d) The proposed project would not change its current operations in its current location as no expansion of the existing cannabis distribution facility is proposed, Therefore, approval of the proposed project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The project site is adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any improvements needed would be made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the proposed project, which is proposed in heavy manufacturing general plan designation and LF1-WH1-6/I1-N zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s). The project site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for a Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301 and 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the proposed project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 and 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

**DEPARTMENT OF CANNABIS REGULATION ACTIONS:**

The Department of Cannabis Regulation:

1. Determined, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approved the Annual License for Cultivation Medium Indoor (Type 3A) Commercial Cannabis Activity at the Business Premises location; and,
3. Adopted the Project Analysis & Findings and Notice of Exemption.

### Categorical Exemption Evaluation Form

**Instructions:** Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

**Project Description:** *Insert project description information or reference where this information is located.*

The project is an existing medium indoor cannabis cultivation license consisting of going juvenile cannabis plants to maturity for harvest and sale. It is located in an existing warehouse building.

**Categorical Exemption Evaluation Form**

**Class 1: Existing Facilities**

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose?  Yes  No

*Provide details of current or prior operation(s). Cite source(s) of information.*

The project is an existing medium indoor cultivation licensee. Project activity consists of receiving immature cannabis plants, growing them to maturity, short-term storage, and sale of cannabis flowers.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6)  Yes  No

*Provide expansion details, if applicable. Cite source(s) of information.*

3. Project Expansion: \_\_\_\_\_  
Size of expansion in square feet: \_\_\_\_\_

*Cite source(s) of information.*

- a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 6.](#))  Yes  No

*Cite source(s) of information.*

- b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to [Question 4.](#))  Yes  No

*Cite source(s) of information.*

- c. Would the expansion be greater than 10,000 square feet?  Yes  No

*Cite source(s) of information.*

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)?  Yes  No

*Describe which public services serve the project site. Cite source(s) of information.*

5. Is there evidence that the project site is located in an environmentally sensitive area?  Yes  No

*Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.*

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures)?  Yes  No

*Describe size of structure to be demolished and location.*

**Categorical Exemption Evaluation Form**

**Class 2: Replacement or Reconstruction**

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed?  Yes  No

*Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.*

2. Would the new structure have substantially the same purpose and capacity as the existing structure?  Yes  No

*Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.*

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form**

**Class 3: New Construction or Conversion of Small Structures**

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures?  Yes  No

*Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.*

2. Does the project involve the construction of new small structures?  Yes  No

*Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.*

***Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.***

3. Is the project within an urbanized area? (If no, skip to Question 9.)  Yes  No

*Cite source(s) of information.*

**FOR SITES IN URBANIZED AREAS**

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less?  Yes  No

*Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.*

5. Is the parcel zoned for the proposed use?  Yes  No

*Cite source(s) of information.*

<http://zimas.lacity.org>  
<https://cannabis.lacity.gov/licensing/licensing-information/licensing-map>

6. Does the project involve the use of significant amounts of hazardous substances?  Yes  No

*Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.*

7. Are all necessary public services and facilities available to the project?  Yes  No

*List all services and facilities provided. Cite source(s) of information.*

Water, Power, waste hauling. All utilities are provided by a retail/municipal supplier. Waste hauling is conducted by Mediwaste.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.)  Yes  No

*Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.*

**FOR SITES NOT IN URBANIZED AREAS**

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less?  Yes  No

*Provide information regarding size of new structure, if applicable. Cite source(s) of information.*

10. Does the project involve the use of significant amounts of hazardous substances?  Yes  No

*Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.*

**FOR ALL SITES**

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form**

**Class 4: Minor Alterations to Land**

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?  Yes  No

*Provide details, if needed. Cite source(s) of information.*

TM

2. Does the project involve alterations to land, water, or vegetation that would be considered minor?  Yes  No

*Provide details, if needed. Cite source(s) of information.*

3. Would the alterations consist of grading on lands of 10 percent slope or steeper?  Yes  No

*Provide details, if needed. Cite source(s) of information.*

4. Would the alterations consist of grading in an area determined to be a wetland?  Yes  No

*Cite source(s) of information.*

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency?  Yes  No

*Provide name of scenic area (if applicable). Cite source(s) of information.*

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist?  Yes  No

*Provide the name of the zone (if applicable). Cite source(s) of information.*

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

**Categorical Exemption Evaluation Form**

**Class 11: Accessory Structures**

1. Does the project include the construction or placement of accessory structures?  Yes  No

*Describe new and/or replacement accessory structures. Cite source(s) of information.*

A large, empty rectangular box intended for the user to describe new and/or replacement accessory structures. The box is overlaid with a large, faint watermark of the City of Los Angeles Department of Cannabis Regulation logo, which features a stylized cannabis leaf and the text "DEPARTMENT OF CITY OF LOS ANGELES CANNABIS REGULATION".

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

The box is overlaid with a large, faint watermark of the City of Los Angeles Department of Cannabis Regulation logo, which features a stylized cannabis leaf and the text "DEPARTMENT OF CITY OF LOS ANGELES CANNABIS REGULATION".

**Categorical Exemption Evaluation Form**

**Class 32: Infill Development Projects**

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site?  Yes  No

*Cite source(s) of information.*

http://zimas.lacity.org

2. Project Size and Location
- a. Is the project site 5 acres in size or less?  Yes  No

*Indicate the size of the project site, in acres. Cite source(s) of information.*

0.89 acres

- b. Is the project site substantially surrounded by urban uses?  Yes  No

*Describe the uses of the surrounding properties. Cite source(s) of information.*

The project site is immediately surrounded by heavy manufacturing.

3. Does the project site have value as habitat for endangered, rare, or threatened species?  Yes  No

*Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.*

The property contains no known habitat for special status species. It exists within an entirely paved urban environment.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality?  Yes  No

*Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.*

None, it is an entirely indoor commercial cannabis operation in an industrial area. For better or for worse it blends into the surrounding area.

5. Can the project site be adequately served by all required utilities and public services?  Yes  No

*Describe which utilities and public services serve the project site. Cite source(s) of information.*

Water - LADWP  
Power - LADWP  
Waste - Mediowaste

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.)  Yes  No

*List permits required and any potential physical changes that could occur. Cite source(s) of information.*

### Exceptions to Exemptions

#### 1. Scenic Highways

- a. Is the project visible from an official State Scenic Highway?  Yes  No

*List State Scenic Highway(s) from which the project is visible (if applicable).  
Cite source(s) of information.*

- b. If yes, would the project result in damage to scenic resources?  Yes  No

*Describe scenic resources and potential damage (if applicable). Cite source(s)  
of information.*

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)?  Yes  No

*Describe the type of hazardous site (if applicable). Cite source(s) of information.*

3. Would the project result in a substantial adverse change in the significance of a historical resource?  Yes  No

*List the historic resource(s) potentially affected and describe the potential effects  
(if applicable). Cite source(s) of information.*

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**  Yes  No

*Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.*

Empty text box for response to question 4.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**  Yes  No

*Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.*

Empty text box for response to question 5.

6. **Would the project impact an environmental resource of hazardous or critical concern?**  Yes  No

*Provide details, if needed. Cite source(s) of information.*

Empty text box for response to question 6.

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**  Yes  No

*Provide details, if needed. Cite source(s) of information.*

Empty text box for response to question 7.

**CEQA Exemption Petition**Class: 1 Category: Existing Facilities

Explanation of how the project fits the CEQA exemption indicated above:

The facility is an existing industrial building. There is no planned expansion of the building footprint.

**1. Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Los Angeles County Sanitation Districts - <https://www.app.lacsd.org/facilities/?tab=2&number=3>  
Zoning Information for the City of Los Angeles - <http://zimas.lacity.org/>  
Google Earth - <https://earth.google.com>  
U.S. Energy Information Administration - <https://www.eia.gov/consumption/commercial/data/2012/c&e/cfm/pba4.php>  
California Code, Health and Safety Code - HSC § 25260 -  
<https://codes.findlaw.com/ca/health-and-safety-code/hsc-sect-25260.html>  
PRC Div 30 Part 1 - [https://leginfo.legislature.ca.gov/faces/codes\\_displaySection.xhtml?lawCode=PRC&sectionNum=40191](https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=PRC&sectionNum=40191)

**2. Project Location and Surrounding Land Use.****(a) Describe Project Location:** *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

The project is a warehouse located among other warehouses and similar businesses, it is immediately north of the Boomtown Brewery. The major cross streets are Ducommun St. and Vignes St.

**(b) Existing Land Uses/Zoning:** *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

The project site is immediately surrounded by heavy manufacturing. South of the project approximately 10 ft behind the project site is Boomtown Brewery. Northwest of the project site serving as a public facility, approximately 600 feet is an entrance to the 101 freeway. East of the project site more manufacturing sites can be found.

- (c) **Previous Use:** Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Unknown, can be reasonably inferred that the location was a warehouse since it was zoned as such.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

Unknown, but can be reasonably inferred. As the use seemingly conforms to the surrounding uses.

- (e) **Maps to be Included:** Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s). Attached hereto

**3. Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) **Activities Occurring Onsite:** Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).

The project is an existing medium indoor cannabis cultivation license consisting of growing juvenile cannabis plants to maturity for harvest and sale. It is located in an existing warehouse building.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

None

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Project size approximately 39,200 sqft, lot size 39,200 sqft

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

Indeed, the licensee/applicant has a provisional state license, no. CCL19-0005368

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

Hours of Operation: 7:00 AM - 4 PM Monday - Sunday  
All employees scheduled: 7:00 AM - 4 PM Monday - Sunday

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

Total Employees: 10  
7:00 AM - 4 PM Monday - Sunday (10 Employees)

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Estimated Weekly Shipments: 8 (Incoming), 1 (Outbound)  
Estimated Daily Trips Generated by Employees: 20 trips  
Total Estimated Daily Trip Generations: 21 trips

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

The project site receives water from the City of Los Angeles Department of Water and Power. Amended Water right does not need to be obtained from SWRCB.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Publicly available data doesn't indicate which treatment facility covers the project. However per Los Angeles County Sanitation Districts Wastewater Treatment Facilities Map (<https://www.app.lacsd.org/facilities/?tab=2&number=3>) wastewater is most likely treated either at Joint Water Pollution Control Plant or Whittier Narrows Water Reclamation Plant.

#### 4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

There are no natural characteristics; the project site is in a heavy manufacturing zone with preexisting structures, it is surrounded by paved surfaces.

- (b) General Topographic Features (slopes and other features):

The project site is in a heavy manufacturing zone with preexisting structures.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

There are no natural characteristics; the project site is in a heavy manufacturing zone with preexisting structures, it is surrounded by paved surfaces. As such it is devoid of natural characteristics.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

There are no watercourses or riparian habitats within 150 feet of proposed premises. Project site is located in a heavy manufacturing zone.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

The entirety of the project and surrounding areas are in a paved urban environment. There are no natural features of scenic value.

- (f) Identify whether the property has any historic designations or archeological remains onsite:

There are no historical designations for the site and there are no archaeological remains on site, to the applicant's knowledge.

- (g) Identify whether the property contains habitat for special status species:

There are no habitats for special status species known to the applicant. It is an existing commercial building in an urban environment.

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

There are no hazardous materials as defined by the California Health and Safety Code § 25260(d)(1), (d)(2), or (d)(3) and their subsequent sections stored, used, or disposed of at the project site. The project site is exclusively for commercial cannabis cultivation. There is no HMBP prepared for the premises.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The proposed cannabis cultivation project will not increase the amount of solid waste as defined by PRC § 40191. Types of solid waste will be primarily cannabis plant material (stems, trimmings, etc), which will be hauled by MediWaste, a licensed cannabis waste hauler. The proposed project will generate no hazardous waste as defined by HSC § 25117.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The project anticipates a 22.5 kilowatt hour per square foot operational energy demand. Using this assumption then multiplying by total square footage and dividing by 365 days per year; daily energy usage is anticipated to be 2,404 kilowatt hours/day.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

The project is pre-existing it has not and will involve any of the above.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

N/A

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

N/A

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- California Department of Cannabis Control
- Los Angeles Fire Department
- Los Angeles Department of Building and Safety
- California Department of Fish and Wildlife
- State Water Resources Control Board / Regional Water Quality Control Board
- County of Los Angeles Public Health Permit
- Local Air District
- Streambed Alteration Agreement
- Water quality protection program
- Los Angeles Department of Water and Power
- Los Angeles Department of Public Works, Bureau of Sanitation

## Partial List of Categorical Exemptions under CEQA

*Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.*

<b>Class</b>	<b>Category</b>	<b>Description</b>
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
