**Exempt Status:**  
(check one)

- Ministerial (Section 21080(b)(1); 15268)
- Declared Emergency (Section 21080(b)(3); 15269(a))
- Emergency Project (Section 21080(b)(4); 15269(b)(c))
- Statutory Exemption:
- Categorical Exemption Section 15301, Class 1 for Existing Facilities and Section 15304, Class 4 for Minor Alterations to Land,;  
General Rule Exemption (Section 15061(b)(3))

**Reasons Why Project Is Exempt:** Class 1 permits the operation, repair, maintenance, permitting, leasing, licensing, minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. Class 4 consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes, including the temporary use of land in a manner that has negligible or no permanent effect on the environment. The project allows for the temporary placement of a tent on an existing, developed site. The application does not propose to otherwise alter the site, and the temporary structures will be removed once renovations are complete on the primary, existing building. The proposed project does not involve any permanent physical expansion, intensification, or redevelopment of the site.
