

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Proposed Amendments to Central Valley Sport Fishing Regulations, Title 14, CCR

Lead Agency: California Fish and Game Commission

Contact Name: Melissa Miller-Henson

Email: fgc@fgc.ca.gov Phone Number: (916) 653-4899

Project Location: Along American, Feather, Mokelumne & Sacramento Rivers in var. counties fr. Shasta to San Joaquin
City County

Project Description (Proposed actions, location, and/or consequences).

The California Fish and Game Commission (Commission) proposes to amend the Central Valley sport fishing regulations as set forth in Title 14 of the California Code of Regulations (CCR). The sport fishing regulations, Section 7.40, Title 14, CCR, allow for salmon fishing in the "Central Valley fishery" for Sacramento fall-run Chinook Salmon (SRFC) in the American, Feather, Mokelumne, and Sacramento rivers. Each year the California Department of Fish and Wildlife (Department) evaluates the potential need to amend the existing SRFC bag and possession limits to align with management goals. Any proposed changes to the salmon fishing regulations are presented to the Commission for consideration.
This project therefore proposes to potentially amend the daily bag and possession limits for the SRFC sport fishery for consistency with Pacific Fishery Management Council in-river harvest projections.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The initial study and the Commission's review of the project showed that the project will not have any significant or potentially significant effects on the environment; therefore no alternatives or mitigation measures are proposed to avoid or reduce any significant effects on the environment.
The project will not have a significant effect on aesthetics, agriculture and forestry resources, air quality, biological resources, cultural resources, energy, geology and soils, greenhouse gas emissions, hazards and hazardous materials, hydrology and water quality, land use and planning, mineral resources, noise, population and housing, public services, recreation, transportation, tribal cultural resources, utilities and service systems, and wildfire.
Therefore, a negative declaration is filed pursuant to the California Environmental Quality Act (CEQA), Public Resources Code Section 21080, subdivision (c).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.
