Present Land Use/Zoning/General Plan Designation:

Undeveloped/Agricultural Watershed/Agriculture, Watershed & Open Space

Project Description: (please use a separate page if necessary)

Agricultural Erosion Control Plan (#P24-00015-ECPA) for the proposed clearing of vegetation, earthmoving and installation and maintenance of erosion control measures associated with the development of approximately 2.4 gross acres of vineyard with approximately 1.9 net planted acres in two proposed vineyard blocks, located on an approximately 35.8-acre property. Average slopes within the development area range from 11 percent (%) to 18%, with an overall average slope of 15%. The project would convert to vineyard approximately 2.3 acres of Douglas fir forest and 0.1-acre of coast live oak woodland (192 trees greater than 6-inch diameter at breast height (DBH)). The project proposes a 2.9-acre tree canopy preservation area on land with slopes less than 30% and outside of stream setbacks, including approximately 1.5 acres of Douglas fir forest, 0.7-acre of coast live oak woodland and 0.7-acre of Oregon white oak woodland.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
