Reasons why project is exempt:

Section 15303 New Construction or Conversion of Small Structures (Class 3): The Class 3 Categorical Exemption consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The project involves the installation of a new concrete pad and electrical equipment.

The Port has determined that none of the exceptions to the exemptions in the California Environmental Quality Act (CEQA) Guidelines Section 15300.2 foreclose the use of Categorical Exemption CEQA Guidelines Section 15303 (New Construction or Conversion of Small Structures), therefore the Project is exempt from CEQA and no further environmental review is required.
