

REFERRAL FORM

TRANSPORTATION STUDY ASSESSMENT Department of Transportation

PURPOSE

The Department of Transportation (LADOT) Referral Form (hereafter referred to as Referral Form) serves as an initial assessment to determine whether a project requires a Transportation Assessment. A Planning case must be filed with Los Angeles City Planning prior to submitting this Referral Form to LADOT.

GENERAL INFORMATION

- All new school projects, including by-right projects, must contact LADOT for an assessment of the school's proposed drop-off/pick-up scheme and to determine if any traffic controls, school warning and speed limit signs, school crosswalk and pavement markings, passenger loading zones and school bus loading zones are needed.
- Unless exempted, projects located within a Transportation Specific Plan area may be required to pay a traffic impact assessment fee, regardless of the need to prepare a Transportation Assessment.
- Pursuant to LAMC Section 19.15 of Chapter 1, a review fee payable to LADOT may be required to process this form. The applicant should contact the appropriate [LADOT Development Services Office](#) to arrange payment.
- LADOT's Vehicle Miles Traveled (VMT), VMT Calculator, and VMT Calculator User Guide can be found at <http://ladot.lacity.org>.
- A transportation study is not needed for the following project applications:
 - Ministerial / by-right projects
 - Discretionary projects limited to a request for change in hours of operation
 - Tenant improvements within an existing shopping center for change of tenants
 - Any project only installing a parking lot or parking structure
 - Time extension
 - Single-family home (unless part of a subdivision)
- This Referral Form is not intended to address the project's site access plan, driveway dimensions and location, internal circulation elements, dedication and widening, and other issues. These items require separate review and approval by LADOT.

SUBMITTAL REQUIREMENTS

When submitting this Referral Form to LADOT, complete and include a copy of the documents listed below:

- City Planning Application (CP13-7771.1)
- A fully dimensioned Site Plan showing all existing and proposed structures, parking and loading areas, driveways, as well as on-site and off-site circulation
- If filing for purposes of Project Review, the Project Review Supplemental Application (CP13-2150)
- Project-specific VMT Calculator analysis results
- Route this Referral Form for processing to the appropriate [LADOT Development Services Office](#) as follows (see this [map](#) for geographical reference):
