Present Land Use/Zoning/General Plan Designation:

N/A - Citywide policy document

Project Description: (please use a separate page if necessary)

The proposed project is a VMT Exchange Program (Program) – a voluntary program in which discretionary development applicants can participate to reduce the amount of VMT generated by their projects. The Program will also provide applicants with the option to reduce potentially significant VMT impacts identified through the CEQA review process by constructing specified VMT-reducing projects that have been identified by the City. The Program will provide applicants with the option to construct VMT Exchange Program projects, which include pedestrian network and bicycle network improvements that are located within existing developed rights-of-way.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
